(b) Selection of applications for funding. Using the ranking created under paragraph (a) of this section, the Agency will consider the score an application has received compared to the scores of other ranked applications, with higher scoring applications receiving first consideration for funding.

(c) Funding selected applications. As applications are funded, if insufficient funds remain to fund the next highest scoring application, the Agency may elect to fund a lower scoring application. Before this occurs, the Agency will provide the applicant of the higher scoring application the opportunity to reduce the amount of its grant request to the amount of funds available. If the applicant agrees to lower its grant request, the purposes of the project can be met, and the Administrator must determine the project is financially feasible at the lower amount.

(d) Disposition of ranked applications not funded. Based on the availability of funding, a ranked application submitted under this subpart may not be funded. Such ranked applications will not be carried forward into Fiscal Year 2012 and the Agency will notify the applicant in writing.

§ 4280.194 Actions prior to grant closing.

Applicants expecting funds from other sources for use in completing projects being partially financed with Agency funds must have these funds from other such sources prior to grant closing. Agency funds will not be expended in advance of funds committed to the project from other sources without prior Agency approval.

§ 4280.195 Awarding and administering energy audit and renewable energy development assistance grants.

Energy audit and renewable energy development assistance grants under this subpart will be awarded and administered in accordance with Departmental regulations and with paragraphs (a) through (e) of this section.

(a) Letter of conditions. The Agency will notify the approved applicant in writing, setting out the conditions under which the grant will be made. The notice will include those matters necessary to ensure that the proposed grant is completed in accordance with the terms of the scope of work and budget, that grant funds are expended for authorized purposes, and that the applicable requirements prescribed in the relevant Departmental regulations are complied with. The Letter of Conditions will be sent to the applicant.

(b) Applicant’s intent to meet conditions. Upon reviewing the conditions and requirements in the letter of conditions, the applicant must complete, sign, and return Form RD 1942–46 to the Agency; or if certain conditions cannot be met, the applicant may propose alternate conditions to the Agency. The Agency must concur with any changes proposed to the Letter of Conditions by the applicant before the application will be further processed.

(c) Forms. The forms specified in paragraphs (c)(1) through (c)(6) of this section will be attached to the letter of conditions referenced in paragraph (a) of this section. The forms specified in paragraphs (c)(1) through (c)(5) of this section must be submitted prior to grant approval. The form specified in paragraph (c)(6), which is to be completed by the contractor (if any), does not need to be returned to the Agency, but must be kept on file.

(2) Form AD–1047.
(3) Form AD–1049.
(4) Either Form SF–LLL or Exhibit A–1 of RD Instruction 1940–Q.

(d) Grant approval. The applicant will be sent a copy of the executed Form RD 1940–1, the approved scope of work, and Form RD 4280–2. Form RD 1940–1 must be signed by the applicant.

(e) Grant agreement. Prior to grant approval, the applicant must complete, sign, and return Form RD 4280–2. The grantee must abide by all requirements contained in Form RD 4280–2, this subpart, and any other applicable Federal statutes or regulations. Failure to follow these requirements may result in termination of the grant and adoption of other available remedies.
