the erroneous determination was not due to any fraudulent or negligent action of the biorefinery.

(5) A biorefinery or person receiving payment under this program will be liable for any refund or related charges associated with their project due under this program.

(e) Remedies. The remedies provided in this subpart will be in addition to other civil, criminal, or administrative remedies that may apply.

§ 4288.25 Succession and control of facilities and production.

Any party obtaining a biorefinery that is participating in this program must request permission to participate in this program as a successor. The Agency may grant such request if it is determined that the party is eligible, and permitting such succession would serve the purposes of the program. If appropriate, the Agency will require the consent of the previous party to such succession. Also, the Agency may terminate payments and demand full refund of payments made if a party loses control of a biorefinery whose production of heat or power from renewable biomass is the basis of a program payment, or otherwise fails to retain the ability to assure that all program obligations and requirements will be met.

§ 4288.26 Fiscal Year 2009 and Fiscal Year 2010 applications.

Any entity that submitted an application for payment to the Agency under this program prior to March 14, 2011 will have their payments made and serviced in accordance with the provisions specified in this subpart.
