§ 272.13 Prisoner verification system (PVS).

(a) General. Each State agency shall establish a system to monitor and prevent individuals who are being held in any Federal, State, and/or local detention or correctional institutions for more than 30 days from being included in a SNAP household.

(b) Use of match data. State prisoner verification systems shall provide for:

(1) The comparison of identifying information about each household member, excluding minors, as that term is defined by each State, and one-person households in States where a face-to-face interview is conducted, against identifying information about inmates of institutions at Federal, State and local levels;

(2) The reporting of instances where there is a match;

(3) The independent verification of match hits to determine their accuracy;

(4) Notice to the household of match results;

(5) An opportunity for the household to respond to the match prior to an adverse action to deny, reduce, or terminate benefits; and

(6) The establishment and collections of claims as appropriate.

(c) Match frequency. State agencies shall make a comparison of match data for adult household members at the time of application and at recertification. States that opt to obtain and use prisoner information collected under Section 1611(e)(1)(I)(i)(I) of the Social Security Act (42 U.S.C. 1382(e)(1)(I)(i)(I)) shall be considered in compliance with this section. States shall enter into a computer matching agreement with the SSA pursuant to authority contained in 42 U.S.C. 405(r)(3).

§ 272.14 Deceased matching system.

(a) General. Each State agency shall establish a system to verify and ensure that benefits are not issued to individuals who are deceased.

(b) Data source. States shall use the SSA’s Death Master File, obtained through the State Verification and Exchange System (SVES) and enter into a computer matching agreement with SSA pursuant to authority to share data contained in 42 U.S.C. 405(r)(3).

(c) Use of match data. States shall provide a system for:

(1) Comparing identifiable information about each household member against information from databases on deceased individuals. States shall make the comparison of matched data at the time of application and no less frequently than once a year.

(2) The reporting of instances where there is a match;

(3) The independent verification of match hits to determine their accuracy;

(4) Notice to the household of match results;
Food and Nutrition Service, USDA

(5) An opportunity for the household to respond to the match prior to an adverse action to deny, reduce, or terminate benefits; and

(6) The establishment and collection of claims as appropriate.

§ 273.1 Household concept.

(a) General household definition. A household is composed of one of the following individuals or groups of individuals, unless otherwise specified in paragraph (b) of this section:

(1) An individual living alone;

(2) An individual living with others, but customarily purchasing food and preparing meals for home consumption separate and apart from others; or

(3) A group of individuals who live together and customarily purchase food and prepare meals together for home consumption.

(b) Special household requirements—(1) Required household combinations. The following individuals who live with others must be considered as customarily purchasing food and preparing meals with the others, even if they do not do so, and thus must be included in the same household, unless otherwise specified.

(i) Spouses;

(ii) A person under 22 years of age who is living with his or her natural or adoptive parent(s) or step-parent(s); and

(iii) A child (other than a foster child) under 18 years of age who lives with and is under the parental control of a household member other than his or her parent. A child must be considered to be under parental control for purposes of this provision if he or she is financially or otherwise dependent on a member of the household, unless State law defines such a person as an adult.
