§ 301.48–4

§ 301.48–2 Authorization to designate, and terminate designation of, regulated airports.

(a) An inspector may declare any airport within a quarantined State to be a regulated airport when he or she determines that adult populations of Japanese beetle exist during daylight hours at the airport to the degree that aircraft constitute a threat to spread the Japanese beetle and aircraft destined for the States listed in §301.48(b) may be leaving the airport.

(b) An inspector shall terminate the designation provided for under paragraph (a) of this section when he or she determines that adult populations of Japanese beetle no longer exist at the airport to the degree that the aircraft pose a threat to spread the Japanese beetle.

§ 301.48–3 Notification of designation, and termination of designation, of regulated airports.

Upon designating, or terminating the designation of, an airport as regulated, the inspector shall give written notice to the official in charge of the airport that the airport has been designated as a regulated airport or that the designation has been terminated. The inspector shall also give the same information in writing to the official at the airport in charge of each airline or the operator of any other aircraft, which will move a regulated article to any State designated in §301.48(b). The Administrator shall also give the same information to the State Plant Regulatory Official of each State designated in §301.48(b) to which any regulated article will move.

§ 301.48–4 Conditions governing the interstate movement of regulated articles from quarantined States.

A regulated article may be moved interstate from a regulated airport to any State designated in §301.48(b) only if:

(a) An inspector, upon visual inspection of the airport and/or the aircraft, determines that the regulated article does not present a threat to spread the Japanese beetle because adult beetle populations are not present; or

(b) The aircraft is opened and loaded only while it is enclosed inside a hangar that an inspector has determined to

1Requirements under all other applicable Federal domestic plant quarantines must be met.
§301.48–5 Inspection and disposal of regulated articles and pests.

Any properly identified inspector is authorized to stop and inspect, and to seize, destroy, or otherwise dispose of or require disposal of regulated articles and Japanese beetles as provided in sections 414, 421, and 434 of the Plant Protection Act (7 U.S.C. 7714, 7731, and 7754) in accordance with instructions issued by the Administrator.

§301.48–6 Movement of live Japanese beetles.

Regulations requiring a permit for and otherwise governing the movement of live Japanese beetles in interstate or
