§ 322.6 Export certificate.

Each shipment of bees and honeybee germ plasm arriving in the United States from an approved region must be accompanied by an export certificate issued by the appropriate regulatory agency of the national government of the exporting region.

(a) Adult honeybees. (1) For adult honeybees, the export certificate must:
(i) Certify that the hives from which the honeybees in the shipment were derived were individually inspected by an official of the regulatory agency no more than 10 days prior to export;
(ii) Identify any diseases, parasites, or undesirable species or subspecies of honeybee found in the hive during that preexport inspection; and
(iii) Certify that the bees in the shipment were produced in the exporting region and are the offspring of bees or semen also produced in the exporting region.

(2) If the export certificate identifies a bee disease or parasite of concern to the United States, including, but not limited to, Thai sacbrood virus, *Tropilaelaps clareae*, and *Euvarroa sinhai*, or an undesirable species or subspecies of honeybee, including, but not limited to, the Cape honeybee (*Apis mellifera capensis*) and the Oriental honeybee (*Apis cerana*), as occurring in the hive from which the shipment was derived, we will refuse the shipment’s entry into the United States.

(b) Honeybee germ plasm. (1) For honeybee germ plasm, the export certificate must:
(i) Certify that the hives from which the germ plasm in each shipment was derived were individually inspected by an official of the regulatory agency no more than 10 days prior to export;
(ii) Identify any diseases, parasites, or undesirable species or subspecies of honeybee found in the hive during that preexport inspection; and
(iii) Certify that the bees in the hives from which the shipment was derived were produced in the exporting region and are the offspring of bees or semen also produced in the exporting region.

(c) Bees other than honeybees. For bees other than honeybees, the export certificate must certify that the bees in the shipment were produced in the exporting region and are the offspring of bees or semen also produced in the exporting region.

(Approved by the Office of Management and Budget under control number 0579–0207)

§ 322.7 Notice of arrival.

(a) At least 10 business days prior to the arrival in the United States of any shipment of bees or honeybee germ plasm imported into the United States under this subpart, you must notify APHIS of the impending arrival. Your notification must include the following information:
(1) Your name, address, and telephone number;
(2) The name and address of the receiving apiary;
(3) The name, address, and telephone number of the producer;
(4) The U.S. port where you expect the shipment to arrive. The port must be staffed by an APHIS inspector (see § 322.11);
(5) The date you expect the shipment to arrive at that U.S. port;
(6) The scientific name(s) of the organisms in the shipment;
(7) A description of the shipment (i.e., package bees, queen bees, nest boxes, etc.); and
(8) The total number of organisms you expect to receive.

(b) You must provide the notification to APHIS through one of the following means:
(1) By mail to the Permit Unit, PPQ, APHIS, 4700 River Road Unit 133, Riverdale, MD 20737–1296; or
(2) By facsimile at (301) 734–8700; or
§ 322.12 Risk assessment procedures for approving countries.

(a) The national government of the region wishing to export must request part through commercial express delivery. you must provide an accurate description of the complete contents of the shipment, i.e., "Live Bees," "Bee Germ Plasm," or "Live Bee Brood," for the shipment's delivery manifest entry. (c) In addition to the export certificate required in §322.6, a package of honeybees, honeybee germ plasm, or bees other than honeybees imported under this subpart by commercial express delivery must be accompanied at the time of arrival in the United States by an invoice or packing list accurately indicating the complete contents of the shipment.

§ 322.10 Inspection; refusal of entry.

(a) Shipments of honeybees, honeybee germ plasm, and bees other than honeybees imported into the United States under this subpart will be inspected at the port of entry in the United States for:

(1) Proper documentation (see §322.6);

(2) Timely notice of arrival (see §322.7); and

(3) Adequate packaging (see §322.8).

(b) If, upon inspection, any shipment fails to meet the requirements of this part, that shipment will be refused entry into the United States. In accordance with §322.2(c), the inspector will offer you, or in your absence the shipper, the opportunity to immediately export any refused shipments. If you, or in your absence the shipper, decline to immediately export the shipment, we will destroy the shipment at your expense.

§ 322.11 Ports of entry.

Shipments of honeybees, honeybee germ plasm, and bees other than honeybees imported under this subpart may enter the United States only at a port of entry staffed by an APHIS inspector. \(^2\)
