§ 929.57

committee determines that, by reason of changed conditions or other factors, a different amount should therefore be deposited for the release of withheld cranberries, it shall give notice to handlers of the new amount and the effective period thereof. Each determination as to the amount of deposit shall be on the basis of the committee’s evaluation of the following factors:

(1) The prices at which growers are selling cranberries to handlers,
(2) The prices at which handlers are selling fresh market cranberries to dealers,
(3) The prices at which cranberries are being sold for processing in products,
(4) The prices at which handlers are selling cranberry concentrate,
(5) The prices the committee has paid to purchase cranberries to replace released cranberries in accordance with this section, and
(6) The costs incurred by growers in producing cranberries.

Each request for release of withheld cranberries shall include, in addition to all other information as may be prescribed by the committee, the quantity of cranberries the release is requested and shall be accompanied by a deposit (a cashier’s or certified check made payable to the Cranberry Marketing Committee) in an amount equal to the twenty percent of the amount determined by multiplying the number of barrels stated in the request by the then effective amount per barrel as determined in paragraph (c).

Subsequent deposits equal to, but not less than, the ten percent of the remaining outstanding balance shall be payable to the committee on a monthly basis commencing on January 1, and concluding by no later than August 31 of the fiscal period.

If the committee determines such a release request is properly filled out, is accompanied by the required deposit, and contains a certification that the handler is withholding such cranberries, it shall release to such handler the quantity of cranberries specified in his request.

Funds deposited for the release of withheld cranberries, pursuant to paragraph (c) of this section, shall be used by the committee to purchase from handlers unrestrained (free percentage) cranberries in an aggregate amount as nearly equal to, but not in excess of, the total quantity of the released cranberries as it is possible to purchase to replace the released cranberries.

All handlers shall be given an equal opportunity to participate in such purchase of unrestrained (free percentage) cranberries. If a larger quantity is offered than can be purchased, the purchases shall be made at the lowest price possible. If two or more handlers offer unrestrained (free percentage) cranberries at the same price, purchases from such handlers shall be in proportion to the quantity of their respective offerings insofar as such division is practicable. The committee shall dispose of cranberries purchased as restricted cranberries in accordance with §929.57. Any funds received by the committee for cranberries so disposed of, which are in excess of the costs incurred by the committee in making such disposition, will accrue to the committee’s general fund.

In the event any portion of the funds deposited with the committee pursuant to paragraph (c) of this section cannot, for reasons beyond the committee’s control, be expended to purchase unrestrained (free percentage) cranberries to replace those withheld cranberries requested to be released, such unexpended funds shall, after deducting expenses incurred by the committee, be refunded to the handler who deposited the funds. The handler shall equitably distribute such refund among the growers delivering to such handler.

Inspection for restricted (withheld) cranberries released to a handler is not required.

The committee may establish, with the approval of the Secretary, rules and regulations for the implementation of this section. Such rules and regulations may include, but are not limited to, revisions in the payment schedule specified in paragraphs (c)(7) and (c)(8) of this section.

(a) Except as provided in this section and in §929.56, cranberries withheld from handling may be disposed of only
through diversion to such outlets as the committee, with the approval of the Secretary, finds are noncompetitive to outlets for unrestricted (free percentage) cranberries.

(b) The storage and disposition of all cranberries withheld from handling shall be subject to the supervision and accounting control of the committee.

§ 929.58 Exemptions.

(a) Upon the basis of the recommendation and information submitted by the committee, or from other available information, the Secretary may relieve from any or all requirements pursuant to this part the handling of cranberries in such minimum quantities as the committee, with the approval of the Secretary, may prescribe.

§ 929.59 Excess cranberries.

(a) Whenever the Secretary establishes an allotment percentage pursuant to §929.52, handlers shall be notified by the committee of such allotment percentage and shall withhold from handling such cranberries in excess of the total of their growers' annual allotments obtained during such period. Such withheld cranberries shall be defined as "excess cranberries" after all unused allotment has been allocated.

(b) Excess cranberries received by a handler shall be made available for inspection by the committee or its representatives from the time they are received until final disposition is completed. Such excess cranberries shall be identified in such manner as the committee may specify in its rules and regulations with the approval of the Secretary.
