(wedged); (3) sliced; (4) chopped; (5) acidified; (6) Spanish olives; (7) Sicilian style olives; (8) Greek style olives; (9) olive oil; (10) olives dumped; and (11) any other use (specify such use).

(d) Package olive inventory reports. Each handler shall submit an inventory report to the committee, on a form provided by the committee, not later than the 15th day of each month showing the total quantity of packaged olives of the ripe and green ripe types held in storage at all locations on the last day of the preceding month. Such reports shall contain the following information, as applicable:

(1) With respect to the whole, pitted, and broken pitted styles of packaged ripe or green ripe type olives, each style shall be reported separately on COC Form 27a in terms of the packaged quantity of each size designated on the form. Such quantity, or quantities, shall be reported in terms of the total amount packaged in each of the container sizes listed on said form except that the committee may require such reporting in terms of the equivalent number of cases of 24 No. 300 (300 x 407) size cans. Each handler shall report separately the total quantity of any packaged olives of the green ripe type held in storage at all locations.

(2) Halved, sliced, segmented (wedged), and chopped styles of packaged olives of the ripe or green ripe type shall be reported in terms of the quantity of each style packaged in each of the container sizes listed on COC Form 27b except that the committee may require such reporting in terms of the equivalent number of cases of 24 No. 300 (300 x 407) size cans.

(e) Processed olive bulk inventory reports. Each handler shall submit an inventory report to the committee, on a form provided by the committee, not later than the 15th day of each month showing the total quantity of processed olives of the ripe and green ripe types held in bulk storage at all locations on the last day of the preceding month. Such reports shall contain the following information, as applicable:

(1) The total tonnage of processed olives of the ripe and green ripe types, held in storage by the handler, which are of any size that may be used in the production of packaged olives of the whole or the pitted styles shall be reported on COC Form 27c in terms of the total quantity of each size designated on the form.

(2) The total tonnage of processed olives of the ripe and green ripe types, held in storage by the handler, which are of sizes that may be used in the production of packaged olives of the halved, sliced, segmented (wedged), or chopped style shall be reported on COC Form 27b.

(f) Packout reports. Each handler shall submit to the committee, on a form provided by the committee, for each month and not more than 15 days after the end of such month, a report showing the total production of packaged olives of the ripe and green ripe types. Such reports shall include the following information, as applicable:

(1) With respect to the whole, pitted, and broken pitted styles of packaged olives of the ripe or green ripe types, each style shall be reported separately on COC Form 28a in terms of the total quantity of each size of olives as designated on the form. Such quantity, or quantities, shall be reported in terms of the total amount packaged in each of the container sizes listed on said form except that the committee may require such reporting in terms of the equivalent number of cases of 24 No. 300 (300 x 407) size cans. Each handler shall report separately the total monthly production of packaged olives of the green ripe type.

(2) Halved, sliced, segmented (wedged), and chopped styles of packaged olives of the ripe or green ripe type shall be reported in terms of the quantity of each style packaged in each of the container sizes listed on COC Form 28b except that the committee may require such reporting in terms of the equivalent number of cases of 24 No. 300 (300 x 407) size cans.

PART 944—FRUITS; IMPORT REGULATIONS

§ 944.28 Avocado Import Grade Regulation.
(a) Pursuant to section 8e of the act and Part 944-Fruits; Import Regulations, the importation into the United States of any avocados is prohibited on and after May 28, 1985, unless such avocados grade at least U.S. No. 2, as such grade is defined in the United States Standards for Florida Avocados (7 CFR 51.3050 through 51.3069). Such grade requirement is the same as that specified in §915.306 for avocados grown in South Florida under M.O. 915 (7 CFR part 915).

(b) The Federal or Federal-State Inspection Service, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, is designated as the government inspection service for certifying the grade, size, quality, and maturity of avocados that are imported into the United States. Inspection by the Federal or Federal-State Inspection Service with evidence thereof in the form of an official inspection certificate, issued by the respective service, applicable to the particular shipment of avocados, is required on all imports. The inspection and certification services will be available upon application in accordance with the rules and regulations governing inspection and certification of fresh fruits, vegetables, and other products (7 CFR part 51) and in accordance with the regulations designating inspection services and procedure for obtaining inspection and certification (7 CFR 944.400).

(c) The term importation means release from custody of the United States Customs Service. The term commercial processing into products means the manufacture of avocado product which is preserved by any recognized commercial process, including canning, freezing, dehydrating, drying, the addition of chemical substances, or by fermentation.

(d) Any person may import up to 55 pounds of avocados exempt from the requirements specified in this section.

(e) Any lot or portion thereof which fails to meet the import requirements, and is not being imported for purposes of consumption by charitable institutions, distribution by relief agencies, seed, or commercial processing into products; prior to or after reconditioning may be exported or disposed of under the supervision of the Federal or Federal-State Inspection Service with the costs of certifying the disposal of such lot borne by the importer.

(f) The grade, size, and quality requirements of this section shall not be applicable to avocados imported for consumption by charitable institutions, distribution by relief agencies, seed, or commercial processing into products, but shall be subject to the
