SAFEGUARDS

§ 959.120 Policy.
Whenever shipments of onions for special purposes pursuant to §959.52 are relieved in whole or in part from regulations issued under §959.52, the committee may require information and evidence on the manner, methods, and timing of such shipments as safeguards against the entry of any such onions in trade channels other than those for which intended. Such information and evidence shall include requirements set forth below with respect to Certificates of Privilege.

§ 959.121 Qualification.
Before handling onions for special purposes which do not meet regulations pursuant to §959.52, a handler, when required by such regulations, must qualify with the committee to handle shipments for special purposes. To qualify he must (a) apply for and receive a Certificate of Privilege indicating his intent to so handle onions, (b) agree to comply with reporting and other requirements set forth in §§959.120 to 959.125, inclusive, with respect to such shipments, and (c) receive approval of the committee, or its duly authorized agents, to so handle onions. Such approval will be based upon evidence furnished in his application for Certificate of Privilege and other information available to the committee.

§ 959.122 Application.
(a) Applications for a Certificate of Privilege shall be made on forms furnished by the committee. Each application may contain, but need not be limited to, the name and address of the handler; the quantity by grade, size, and quality of the onions to be shipped; the mode of transportation; the consignee; the destination; the purpose for which the onions are to be used; and certification to the United States Department of Agriculture and to the committee as to the truthfulness of the information shown thereon, and any other appropriate information or documents deemed necessary by the committee or its duly authorized agents for the purposes stated in §959.120.

(b) The committee may require each handler making shipments of onions for export to include with his application a copy of the Department of Commerce Shippers Export Declaration Form No. 7525-V applicable to such shipment.

§ 959.123 Approval.
The committee or its duly authorized agents shall give prompt consideration to each application for a Certificate of Privilege. Approval of an application, based upon the determination as to whether the information contained therein and other information available to the committee supports approval, shall be evidenced by the issuance of a Certificate of Privilege to the applicant. Each certificate shall cover a specified period and specified qualities and quantities of onions to be sold or transported to a designated consignee for the purpose declared.

§ 959.124 Reports.
Each handler of onions shipping under Certificates of Privilege shall supply the committee with reports as requested by the committee, or its duly authorized agents, showing the name and address of the shipper; the car or truck identification; the loading point; destination; consignee; the inspection certificate number when inspection is required; and any other information deemed necessary by the committee.

§ 959.125 Disqualification.
The committee from time to time may conduct surveys of handling of onions for special purposes requiring Certificates of Privilege to determine whether handlers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that the handler or consignee is failing to comply with
