§ 234.2 Landing requirements.

(a) Place of landing. Aircraft carrying passengers or crew required to be inspected under the Act must land at the international air ports of entry enumerated in part 100 of this chapter unless permission to land elsewhere is first obtained from the Commissioner of U.S. Customs and Border Protection (CBP) in the case of aircraft operated by scheduled airlines, and in all other cases from the port director of CBP or other CBP officer having jurisdiction over the CBP port of entry nearest the intended place of landing. Notwithstanding the foregoing, aircraft carrying passengers and crew required to be inspected under the Act on flights originating in Cuba must land only at airports that have been authorized by CBP pursuant to 19 CFR 122.153 as an airport of entry for flights arriving from Cuba, unless advance permission to land elsewhere has been obtained from the Office of Field Operations at CBP Headquarters.

(b) Advance notice of arrival. Aircraft carrying passengers or crew required to be inspected under the Immigration and Nationality Act, except aircraft of a scheduled airline arriving in accordance with the regular schedule filed with the Service at the place of landing, shall furnish notice of the intended flight to the immigration officer at or nearest the intended place of landing, or shall furnish similar notice to the district director of Customs or other Customs officer in charge at such place. Such notice shall specify the type of aircraft, the registration marks thereon, the name of the aircraft commander, the place of last departure, the airport of entry, or other place at which landing has been authorized, number of alien passengers, number of citizen passengers, and the estimated time of arrival. The notice shall be sent in sufficient time to enable the officers designated to inspect the aircraft to reach the airport of entry or such other place of landing prior to the arrival of the aircraft.

§ 234.3 Aircraft; how considered.

Except as otherwise specifically provided in the Immigration and Nationality Act and this chapter, aircraft arriving in or departing from the continental United States or Alaska directly from or to foreign contiguous territory or the French Island of St. Pierre or Miquelon shall be regarded for the purposes of the Immigration and Nationality Act and this chapter as other transportation lines or companies arriving or departing over the land borders of the United States.

§ 234.4 International airports for entry of aliens.

International airports for the entry of aliens shall be those airports designated as such by the Commissioner. An application for designation of an airport as an international airport for the entry of aliens shall be made to the Commissioner and shall state whether
the airport: (a) Has been approved by the Secretary of Commerce as a properly equipped airport, (b) has been designated by the Secretary of the Treasury as a port of entry for aircraft arriving in the United States from any place outside thereof and for the merchandise carried thereon, and (c) has been designated by the Secretary of Health, Education, and Welfare as a place for quarantine inspection. An airport shall not be so designated by the Commissioner without such prior approval and designation, and unless it appears to the satisfaction of the Commissioner that conditions render such designation necessary or advisable, and unless adequate facilities have been or will be provided at such airport without cost to the Federal Government for the proper inspection and disposition of aliens, including office space and such temporary detention quarters as may be found necessary. The designation of an airport as an international airport for the entry of aliens may be withdrawn whenever, in the judgment of the Commissioner, there appears just cause for such action.
