

Department of Homeland Security

§ 274a.3

(ii) Modify and maintain the retained Forms I-9; and

(iii) Establish the authenticity and integrity of the Forms I-9, such as audit trails.

(2) Insufficient or incomplete documentation is a violation of section 274A(a)(1)(B) of the Act.

(3) Any officer listed in 8 CFR 287.4 may issue a subpoena to compel production of any documentation required by 8 CFR 274a.2. Nothing in this section is intended to limit the subpoena power of an agency of the United States under section 235(d)(4) of the Act.

(g) *Security.* (1) Any person or entity who elects to complete or retain Forms I-9 electronically must implement an effective records security program that:

(i) Ensures that only authorized personnel have access to electronic records;

(ii) Provides for backup and recovery of records to protect against information loss, such as power interruptions;

(iii) Ensures that employees are trained to minimize the risk of unauthorized or accidental alteration or erasure of electronic records; and

(iv) Ensure that whenever the electronic record is created, completed, updated, modified, altered, or corrected, a secure and permanent record is created that establishes the date of access, the identity of the individual who accessed the electronic record, and the particular action taken.

(2) An action or inaction resulting in the unauthorized alteration, loss, or erasure of electronic records, if it is known, or reasonably should be known, to be likely to have that effect, is a violation of section 274A(b)(3) of the Act.

(h) *Electronic signatures for employee.*(1) If a Form I-9 is completed electronically, the attestations in Form I-9 must be completed using a system for capturing an electronic signature that meets the standards set forth in this paragraph. The system used to capture the electronic signature must include a method to acknowledge that the attestation to be signed has been read by the signatory. The electronic signature must be attached to, or logically associated with,

an electronically completed Form I-9. In addition, the system must:

(i) Affix the electronic signature at the time of the transaction;

(ii) Create and preserve a record verifying the identity of the person producing the signature; and

(iii) Upon request of the employee, provide a printed confirmation of the transaction to the person providing the signature.

(2) Any person or entity who is required to ensure proper completion of a Form I-9 and who chooses electronic signature for a required attestation, but who has failed to comply with the standards set forth in this paragraph, is deemed to have not properly completed the Form I-9, in violation of section 274A(a)(1)(B) of the Act and 8 CFR 274a.2(b)(2).

(i) *Electronic signatures for employer, recruiter or referrer, or representative.* If a Form I-9 is completed electronically, the employer, the recruiter or referrer for a fee, or the representative of the employer or the recruiter or referrer, must attest to the required information in Form I-9. The system used to capture the electronic signature should include a method to acknowledge that the attestation to be signed has been read by the signatory. Any person or entity who has failed to comply with the criteria established by this regulation for electronic signatures, if used, and at the time of inspection does not present a properly completed Form I-9 for the employee, is in violation of section 274A(a)(1)(B) of the Act and 8 CFR 274a.2(b)(2).
