Subpart F—Dogs

§ 93.600 Importation of dogs.

(a) All dogs. Dogs from any region of the world where screwworm is considered to exist may only be imported into the United States if they meet the requirements of paragraphs (a)(1) and (2) of this section and all other applicable requirements of this part. APHIS will maintain a list of regions where screwworm is considered to exist on the APHIS Web site at http://www.aphis.usda.gov/import_export/animals/animal_disease_status.shtml. Copies of the list will also be available via postal mail, fax, or email upon request to the Sanitary Trade Issues Team, National Center for Import and Export, Veterinary Services, Animal and Plant Health Inspection Service, 4700 River Road Unit 38, Riverdale, Maryland 20737. APHIS will add a region to the list upon determining that screwworm exists in the region based on reports APHIS receives of detections of the pest from veterinary officials of the exporting country, from the World Organization for Animal Health (OIE), or from other sources the Administrator determines to be reliable. APHIS will remove a region from the list after conducting an evaluation of the region in accordance with §92.2 of this subchapter and finding that screwworm is not present in the region. In the case of a region formerly not on this list that is added due to a detection, the region may be removed from the list in accordance with the procedures for reestablishment of a region’s disease-free status in §92.4 of this subchapter.

8Importations from regions of Central America and the West Indies shall be subject to §93.520, in addition to other sections in this part, which are in terms applicable to such importations.

9Importations from Mexico shall be subject to §93.521, in addition to other sections in this subpart, which are in terms applicable to such importations.
