§ 93.905 Declaration and other documents for live fish, fertilized eggs, and gametes.

(a) For all live fish, fertilized eggs, and gametes offered for importation under this subpart, the importer or his or her agent must submit the following documents to the collector of customs for use by the port veterinarian:

(1) All permits, certificates, or other documentation required by this subpart; and

(2) Two copies of a declaration that lists the port of entry, the name and address of the importer, the name and address of the broker, the origin of the live fish, fertilized eggs, or gametes, the number, species, and the purpose of the importation, the name of the person to whom the fish will be delivered, and the location of the place to which such delivery will be made.

(b) [Reserved]

§ 93.906 Inspection at the port of entry.

(a) All live fish, fertilized eggs, and gametes of SVC-susceptible species imported from any part of the world must be presented for inspection at a port of entry designated under § 93.902. The APHIS port veterinarian must be notified at least 72 hours in advance of the arrival in the United States of a shipment of live fish, fertilized eggs, or gametes of SVC-susceptible species. Any shipment of live SVC-susceptible fish species that the port veterinarian determines to exhibit clinical signs consistent with SVCV infection or disease, or any shipments of live fish, fertilized eggs, and gametes of SVC-susceptible species that otherwise do not meet the requirements of this subpart, shall be refused entry.

(b) Shipments refused entry, unless exported within a time fixed in each case by the Administrator, and in accordance with other provisions he or she may require in each case for their handling, shall be disposed of as the Administrator may direct.
