present appropriate Government credentials upon arrival. Normally, however, Federal representatives will provide advance notification in the form of an NRC Form 277, “Request for Visit or Access Approval,” with the “need-to-know” certified by the appropriate NRC office exercising licensing or regulatory authority and verification of an NRC access authorization by the Division of Facilities and Security.

(c) The licensee, certificate holder, or others shall include the following information on all Visit Authorization Letters (VAL) which they prepare.

1. Visitor’s name, address, and telephone number and certification of the level of the facility security clearance;
2. Name, date and place of birth, and citizenship of the individual intending to visit;
3. Certification of the proposed visitor’s personnel clearance and any special access authorizations required for the visit;
4. Name of person(s) to be visited;
5. Purpose and sufficient justification for the visit to allow for a determination of the necessity of the visit; and
6. Date or period during which the VAL is to be valid.

(d) Classified visits may be arranged for a 12 month period. The requesting facility shall notify all places honoring these visit arrangements of any change in the individual’s status that will cause the visit request to be canceled before its normal termination date.

(e) The responsibility for determining need-to-know in connection with a classified visit rests with the individual who will disclose classified information during the visit. The licensee, certificate holder or other facility shall establish procedures to ensure positive identification of visitors before the disclosure of any classified information.
