§ 620.6 Disclosures in the annual report to shareholders relating to directors and senior officers.

(a) General. (1) List the names of all directors and senior officers of the institution, indicating the position title and term of office of each director, and the position, title, and date each senior officer commenced employment in his or her current position.

(2) Briefly describe the business experience during the past 5 years of each director and senior officer, including each person’s principal occupation and employment during the past 5 years.

(3) For each director and senior officer, list any other business interest where the director or senior officer serves on the board of directors or as a senior officer. Name the position held and state the principal business in which the business is engaged.

(b) Compensation of directors. Describe the arrangements under which directors of the institution are compensated for all services as a director (including total cash compensation and noncash compensation). Noncash compensation with an annual aggregate value of less than $5,000 does not have to be reported. State the total cash and reportable noncash compensation paid to all directors as a group during the last fiscal year. For the purposes of this paragraph, disclosure of compensation paid to and days served by directors applies to any director who served in that capacity at any time during the reporting period. If applicable, describe any exceptional circumstances justifying the additional director compensation as authorized by §611.400(c) of this chapter. For each director, state:

(1) The number of days served at board meetings;

(2) The total number of days served in other official activities, including any board committee(s);

(3) Any additional compensation paid for service on a board committee, naming the committee; and

(4) The total cash and noncash compensation paid to each director during the last fiscal year. Reportable compensation includes cash and the value of noncash items provided by a third party to a director for services rendered by the director on behalf of the reporting Farm Credit institution. Noncash compensation with an annual aggregate value of less than $5,000 does not have to be reported.

(c) Compensation of senior officers. Disclose the information on senior officer compensation and compensation plans as required by this paragraph. The institution must disclose the total amount of compensation paid to senior officers in substantially the same manner as the tabular form specified in the

Summary Compensation Table (Compensation Table), located in paragraph (c)(3) of this section.

(1) For each of the last 3 completed fiscal years, report the total amount of compensation paid and the amount of each component of compensation paid to the institution's chief executive officer (CEO), naming the individual. If more than one person served in the capacity of CEO during any given fiscal year, individual compensation disclosures must be provided for each CEO.

(2) For each of the last 3 completed fiscal years, report the aggregate amount of compensation paid, and the components of compensation paid, to all senior officers as a group, stating the number of officers in the group without naming them.

(i) If applicable, when any employee who is not a senior officer has annual compensation at a level that is among the five highest paid by the institution during the reporting period, include the highly compensated employee(s) in the aggregate number and amount of compensation reported in the Compensation Table.

(ii) The report containing the aggregate compensation disclosure must include a statement that disclosure of information on the total compensation paid during the last fiscal year to any senior officer, or to any other employee included in the aggregate, is available and will be disclosed to shareholders of the institution and shareholders of related associations (if applicable) upon request. This statement must be located directly beneath the Compensation Table.

(3) The institution must complete the Compensation Table, or something substantially similar, according to the following instructions:

(B) The amount of contributions by the institution on behalf of the senior officer to a vested or unvested defined contribution plan unless the plan is made available to all employees on the same basis.
(C) The dollar value of any tax reimbursement provided by the institution.
(D) Any changes in the value of pension benefits.

(i) For transactions relating to the purchase or retirement of preferred stock issued by the institution, state the name of each senior officer or director that held preferred stock issued by the institution during the reporting period, the current amount of preferred stock held by the senior officer or director, the average dividend rate on the preferred stock currently held, and the amount of purchases and retirements by the individual during the reporting period.

(ii) For all other transactions, state the name of the senior officer or director who entered into the transaction or whose immediate family member or affiliated organization entered into the transaction, the nature of the person’s interest in the transaction, and the terms of the transaction.
