§ 123.21 What is a mitigation measure?

A mitigation measure is something done for the purpose of protecting real and personal property against disaster related damage. You may implement mitigation measures after a disaster occurs (post-disaster) to protect against recurring disaster related damage, or before a disaster occurs (pre-disaster) to protect against future disaster related damage. Examples of mitigation measures include building retaining walls, sea walls, grading and contouring land, elevating flood prone structures, relocating utilities, or retrofitting structures to protect against high winds, earthquakes, flood, wildfires, or other physical disasters. Section 123.107 specifically addresses post-disaster mitigation for home disaster loans, and §123.204 specifically addresses post-disaster mitigation for businesses. Sections 123.400 through 123.412 specifically address pre-disaster mitigation.

[67 FR 62337, Oct. 7, 2002]

Subpart B—Home Disaster Loans

§ 123.100 Am I eligible to apply for a home disaster loan?

(a) You are eligible to apply for a home disaster loan if you:

(1) Own and occupy your primary residence and have suffered a physical loss to your primary residence, personal property, or both; or

(2) Do not own your primary residence, but have suffered a physical loss to your personal property. Family members sharing a residence are eligible if they are not dependents of the owners of the residence.

(b) Losses may be claimed only by the owners of the property at the time of the disaster, and all such losses will be verified by SBA. SBA will consider beneficial ownership as well as legal title (for real or personal property) in determining who suffered the loss.

§ 123.101 When am I not eligible for a home disaster loan?

You are not eligible for a home disaster loan if:

(a) You have been convicted, during the past year, of a felony during and in connection with a riot or civil disorder or other declared disaster;

(b) You acquired voluntarily more than a 50 percent ownership interest in the damaged property after the disaster, and no contract of sale existed at the time of the disaster;

(c) Your damaged property can be repaired or replaced with the proceeds of insurance, gifts or other compensation, including condemnation awards (with one exception), these amounts must either be deducted from the amount of the claimed losses or, if received after SBA has approved and disbursed a loan, must be paid to SBA as principal payments on your loan. You must notify SBA of any such recoveries collected after receiving an SBA disaster loan. The one exception applies to amounts received under the Individuals and Household Program of the Federal Emergency Management Agency solely to meet an emergency need pending processing of an SBA loan. In such an event, you must repay the financial assistance with SBA loan proceeds if it was used for purposes also eligible for an SBA loan;

(d) SBA determines that you assumed the risk (for example, by not maintaining flood insurance as required by an earlier SBA disaster loan when the current loss is also due to flood);

(e) Your damaged property is a secondary home (although if you rented the property out before the disaster and the property would not constitute a ''residence'' under the provisions of Section 280A of the Internal Revenue Code (26 U.S.C. 280A), you may be eligible for a physical disaster business loan);

(f) Your damaged property is the type of vehicle normally used for recreational purposes, such as motorhomes, aircraft, and boats;

(g) Your damaged property consists of cash or securities;

(h) The replacement value of your damaged personal property is extraordinarily high and not easily verified, such as the value of antiques, artworks, or hobby collections;

(i) You or other principal owners of the damaged property are presently incarcerated, or on probation or parole following conviction for a serious criminal offense;
