216.6 Existing unauthorized operations.

**AUTHORITY:** 49 U.S.C. Chapters 401, 413, 417.

**SOURCE:** ER–525, 33 FR 692, Jan. 19, 1968, unless otherwise noted.

§ 216.1 Definitions.

(a) As used in this part, unless the context otherwise requires:

**Act** means the Federal Aviation Act of 1958, as amended.

**Blind sector traffic** means revenue traffic, carried by a foreign air carrier on a flight operating in air transportation, which is enplaned at one foreign point and deplaned at another foreign point, where at least one of such points is not named as a terminal or intermediate point in the carrier’s applicable foreign air carrier permit.

*Note:* This definition shall not be deemed to include the carriage of authorized beyond homeland traffic (i.e., traffic carried between a point named in a carrier’s foreign air carrier permit and a point beyond a homeland terminal point authorized under such permit).

**Revenue traffic** means persons, property or mail carried for compensation or hire.

(b) Terms defined in section 101 of the Act have the meaning expressed in such definitions.

§ 216.2 Applicability.

This part sets forth the requirements applicable to foreign air carriers for obtaining a Special Authorization from the Board with respect to any deviation from an authorized foreign air transportation route for the purpose of commingling blind sector traffic with air transportation traffic carried pursuant to a foreign air carrier permit issued by the Board. The deviation by a foreign air carrier from its authorized route for the purpose of combined carriage to or from the United States of nonrevenue or other traffic, the carriage of which does not constitute engaging in foreign air transportation, is governed by the provisions of part 375 of this chapter.

§ 216.3 Prohibition.

No foreign air carrier shall carry any blind sector traffic, as defined in this part, on any flight operating in air transportation pursuant to the authority of a foreign air carrier permit issued under section 402 of the Act, unless the combined carriage of such traffic has been specifically authorized by such permit, or by a Special Authorization issued under §216.4.

§ 216.4 Special authorizations.

(a) **Applications.** Any foreign air carrier may apply to the Board for a Special Authorization, as required by this part, for the carriage of blind sector traffic on a particular flight, series of flights, or for a specified or indefinite period of time between specified points. Applications shall be submitted directly to the Board, addressed to the attention of the Director, Bureau of International Aviation. One original and two copies in conformity with the requirements of §§302.3(b) and 302.4(a) and (b) of this chapter shall be filed. The applications shall contain a proper identification of the applicant; the flight or flights upon which it is proposed to carry such blind sector traffic, including routing, nontraffic stops, and dates or duration of the authority sought; a full description of such traffic, and points between which such traffic will be carried; information or documentation as to whether the country of which the applicant is a national grants reciprocal privileges to U.S. carriers; and the reasons for requesting such authorization together with such additional information as will establish that the grant of such authority will otherwise be in the public interest. Such additional information as may be specifically requested by the Board shall also be furnished.

(b) **Service.** Applications shall be served upon each direct U.S. air carrier certificated to engage in individually ticketed or waybilled foreign air transportation over any portion of the route to which the application pertains, and on such other persons as the Board may require, and proof of such service shall accompany the application as provided in §302.7 of this chapter. Notice of such applications shall also be published in the Board’s Weekly List of Applications Filed.

(c) **Memoranda in support or opposition.** Any interested person may file a memorandum in support of or in opposition to the grant of an application.
§ 216.5

Such memorandum shall set forth in detail the reasons why it is believed that the application should be granted or denied and shall be accompanied by such data, including affidavits, which it is desired that the Board consider. Copies of the memorandum shall be served upon the applicant. Nothing in this subparagraph shall be deemed to preclude the Board from granting or denying an application when the circumstances so warrant without awaiting the filing of memoranda in support of or in opposition to the application.

(d) Time for filing. (1) Applications seeking authority to engage in blind sector operations for a period of 3 months or longer, shall be submitted at least 60 days in advance of the proposed commencement of such operations. Memoranda in response to such an application shall be submitted within 15 days after the date of filing thereof.

(2) Applications seeking authority to engage in blind sector operations for a period less than three months shall be filed at least 20 days in advance of the proposed commencement of such operations, and memoranda in response thereto within 7 days after the date of filing thereof. Provided, That the Board may consider late filed applications upon a showing of good cause for failure to adhere to this requirement.

(e) General procedural requirements. Except as otherwise provided herein, the provisions of part 302, subpart A, of this chapter shall apply to the extent applicable.

(f) Issuance of Special Authorization. A Special Authorization authorizing the carriage of blind sector traffic will be issued only if the Board finds that the proposed carriage is fully consistent with applicable law and this part, and that grant of such authority would be in the public interest. The application may be granted or denied in whole or in part without hearing, and a Special Authorization made subject to any conditions or limitations, to the extent that such action is deemed by the Board to be in the public interest. Special Authorizations are not transferable.

(g) Nature of the privilege conferred. A Special Authorization issued pursuant to this section shall constitute a privilege conferred upon a carrier, which may be enjoyed only to the extent that its continued exercise remains in the interest of the public. Accordingly, any Special Authorization issued pursuant to this section may be revoked, suspended, amended or restricted without hearing.

(Sec. 204(a) of the Federal Aviation Act of 1958, as amended, 72 Stat. 743 (49 U.S.C. 1324); Reorganization Plan No. 3 of 1961, 75 Stat. 837, 26 FR 5989 (49 U.S.C. 1324 (note)))

§ 216.6 Existing permits.

“Foreign aircraft permits” issued by the Board under the provisions of part 375 of the Board’s Special Regulations, authorizing the combined carriage of blind sector traffic as defined in this part, shall continue in effect in accordance with their terms until their expiration date unless sooner terminated, revoked or modified by the Board. Such permits shall, upon the effective date of this part, be deemed to constitute a Special Authorization issued pursuant to §216.4.

§ 216.6 Existing unauthorized operations.

Notwithstanding the provisions of §216.3, if within 30 days after the effective date of this part a carrier files an application for a Special Authorization to continue to perform existing blind sector operations which have been regularly performed by such carrier commencing on a date prior to August 9, 1967, such carrier may continue to engage in such blind sector operations until final decision by the Board on such application: Provided, That any such application shall, in addition to the requirements of §216.4(a), contain a statement that the carrier is relying upon this section for continuance of preexisting blind sector operations, and shall fully describe such operations including the date inaugurated, and the frequency and continuity of performance.
