§ 742.18 Chemical Weapons Convention (CWC or Convention).

States that are parties to the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, also known as the Chemical Weapons Convention (CWC or Convention), undertake never to develop, produce, acquire, stockpile, transfer, or use chemical weapons. As a State Party to the Convention, the United States is subjecting certain toxic chemicals and their precursors listed in Schedules within the Convention to trade restrictions. Trade restrictions include: a prohibition on the export of Schedule 1 chemicals to States not Party to the CWC; a prohibition on the reexport of Schedule 1 chemicals to all destinations (both States Parties to the CWC and States not Party to the CWC); license requirements for the export of Schedule 1 chemicals to all States Parties; a prohibition on the export of Schedule 2 chemicals to States not Party to the CWC; and an End-Use Certificate requirement for exports of Schedule 3 chemicals to States not Party to the CWC. Exports of CWC chemicals that do not require a license for CW reasons (e.g., exports and reexports of Schedule 2 and Schedule 3 chemicals to States Parties to the CWC) may require a license for other reasons set forth in the EAR. (See, in particular, the license requirements in §742.2 of the EAR that apply to exports and reexports of precursor chemicals controlled by ECCN 1C350, for CB reasons. Also note the end-use and end-user restrictions in part 744 of the EAR and the restrictions that apply to embargoed countries in part 746 of the EAR.)

(a) License requirements

(1) Schedule 1 chemicals and mixtures controlled under ECCN 1C351. A license is required for CW reasons to export or reexport Schedule 1 chemicals controlled under ECCN 1C351.d.11 or d.12 to all destinations including Canada. CW applies to 1C351.d.11 for ricin in the form of Ricinus Communis Agglutinin II (RCA II), which is also known as ricin D or Ricinus Communis Lectin II (RCL II), and Ricinus Communis Lectin IV (RCL IV), which is also known as ricin E. CW applies to 1C351.d.12 for saxitoxin identified by C.A.S. #35523–89–8. (Note that the advance notification procedures and annual reporting requirements described in §745.1 of the EAR also apply to exports of Schedule 1 chemicals.)
Use Certificate is required for CW reasons to export or reexport Schedule 2 or 3 chemicals and mixtures controlled under ECCN 1C350, ECCN 1C355, or ECCN 1C395 to States Parties to the CWC (destinations listed in Supplement No. 2 to part 745 of the EAR).

(ii) States not Party to the CWC. (A) Schedule 2 chemicals. A license is required for CW reasons to export or reexport Schedule 2 chemicals and mixtures controlled under ECCN 1C350.b, ECCN 1C355.a, or ECCN 1C395 to States not Party to the CWC (destinations not listed in Supplement No. 2 to part 745 of the EAR).

(B) Schedule 3 chemicals. (1) Exports. A license is required for CW reasons to export Schedule 3 chemicals and mixtures controlled under ECCN 1C350.c, ECCN 1C355.b, or ECCN 1C395.b to States not Party to the CWC (destinations not listed in Supplement No. 2 to part 745 of the EAR), unless the exporter obtains from the consignee an End-Use Certificate (issued by the government of the importing country) prior to exporting the Schedule 3 chemicals and submits it to BIS in accordance with the procedures described in §745.2 of the EAR. Note, however, that obtaining an End-Use Certificate does not relieve the exporter from the responsibility of complying with other license requirements set forth elsewhere in the EAR.

(2) Reexports. (i) Reexports from States Parties to the CWC. Neither a license nor an End-Use Certificate is required for CW reasons to reexport Schedule 3 chemicals and mixtures controlled under ECCN 1C350.c, ECCN 1C355.b, or ECCN 1C395.b from a State not Party to the CWC to all States not Party to the CWC (destinations not listed in Supplement No. 2 to part 745 of the EAR), except for Israel and Taiwan.

(ii) Reexports from States not Party to the CWC. A license is required for CW reasons to reexport Schedule 3 chemicals and mixtures controlled under ECCN 1C350.c, ECCN 1C355.b, or ECCN 1C395.b from a State not Party to the CWC (a destination not listed in Supplement No. 2 to part 745 of the EAR) to any other State not Party to the CWC.

(C) Technology controlled under ECCN 1E355. A license is required for CW reasons to export or reexport technology controlled under ECCN 1E355 to all States not Party to the CWC (destinations not listed in Supplement No. 2 to part 745 of the EAR), except for Israel and Taiwan.

(b) Licensing Policy—(1) Schedule 1 chemicals and mixtures—(i) Exports to States Parties to the CWC. Applications to export Schedule 1 Chemicals controlled under ECCN 1C351.d.11 or .d.12 to States Parties to the CWC (destinations listed in Supplement No. 2 to part 745 of the EAR) generally will be denied, unless all of the following conditions are met:

(A) The chemicals are destined only for purposes not prohibited under the CWC (i.e., research, medical, pharmaceutical, or protective purposes);

(B) The types and quantities of chemicals are strictly limited to those that can be justified for those purposes;

(C) The Schedule 1 chemicals were not previously imported into the United States (this does not apply to Schedule 1 chemicals imported into the United States prior to April 29, 1997, or imported into the United States directly from the same State Party to which they now are to be returned, i.e., exported); and

(D) The aggregate amount of Schedule 1 chemicals in the country of destination at any given time is equal to or less than one metric ton and receipt of the proposed export will not cause the country of destination to acquire or to have acquired one metric ton or more of Schedule 1 chemicals in any calendar year.

(ii) Exports to States not party to the CWC. Applications to export Schedule 1 chemicals controlled under ECCN 1C351.d.11 or .d.12 to States not Party to the CWC (destinations listed in Supplement No. 2 to part 745 of the EAR) generally will be denied, consistent with U.S. obligations under the CWC to prohibit exports of these chemicals to States not Party to the CWC.
§ 742.19 Anti-terrorism: North Korea

(a) License Requirements. (1) All items on the Commerce Control List (CCL) (i.e., with a designation other than EAR99) that are controlled for anti-terrorism reasons require a license for export or reexport to North Korea. This includes all items on the CCL containing AT column 1 or AT column 2 in the Country Chart column of the license requirements section of an ECCN; and ECCNs 0A986, 0A988, 0A999, 0B986, 0B999, 0D999, 1A999, 1B999, 1C995, 1C999, 1D999, 2A994, 2A999, 2B999, 2D994, 2E994, 3A999, and 6A999. See also part 746 of the EAR.

(b) Licensing policy. (1) Applications for export and reexport to all end-users in North Korea of the following items will generally be denied:

(i) Items controlled for chemical and biological weapons proliferation reasons to any destination. These items contain CB Column 1, CB Column 2, or
