§ 752.15 Export clearance.

(a) Shipper’s Export Declaration (SED) or Automated Export System (AES) record. The SED or AES record covering an export made under an SCL must be prepared in accordance with requirements of the Foreign Trade Statistics Regulations (15 CFR part 30) and §758.1 of the EAR.

(1) Item descriptions. Item descriptions on the SED or AES record must indicate specifically the ECCN and item description conforming to the applicable CCL description and incorporating any additional information where required by Schedule B (e.g., type, size, name of specific item, etc.).

(2) Value of shipments. There is no value limitation on shipments under the SCL, however, you must indicate the value of each shipment on the respective SED or AES record.

(3) SCL number. The SED or AES record must include the SCL number followed by a blank space, and then the consignee number identifying the SCL’s approved consignee to whom the shipment is authorized.

(b) Destination control statement. The SCL holder and consignees must enter a destination control statement on all copies of the bill of lading or air waybill, and the commercial invoice covering exports under the SCL, in accordance with the provisions of §758.6 of the EAR. Use of a destination control statement does not preclude the consignee from reexporting to any of the SCL holder’s other approved consignees or to other countries for which specific prior approval has been received from BIS. In such instances, reexport is not contrary to U.S. law and, therefore, is not prohibited. Another destination control statement may be required or approved by BIS on a case-by-case basis.
