(4) The product is an agency generated article that is published in a privately produced journal; or
(5) The agency and the Director, pursuant to paragraph (b) of this section, have agreed that the transfer of a product otherwise covered by these regulations would not be appropriate.

(b) An agency and the Director shall be deemed to be in agreement within the meaning of paragraph (a)(3) of this section if the Director has not objected within 30 days to an agency’s written notification of its determination that timely transfer of a product or category of products would not be appropriate under section 108 of the American Technology Preeminence Act. Examples of inappropriate transfers include:

(1) Transfers that could cause significant harm to an agency’s existing dissemination program that is operating on a cost recovery basis, is operating in compliance with the policies described by OMB Circular A–130, and for which special arrangements that would permit supplemental distribution by NTIS cannot be negotiated.
(2) Federally funded STEI that has received, or is likely to receive, widespread distribution to most potential users at no charge.

§ 1180.8 Appointment of Agency Liaison Officers.

The head of each agency shall appoint or designate an officer or employee to serve as the STEI Liaison. The Liaison shall, to the extent authorized by the head of the agency—

(1) In cooperation with the Director, determine what products or summaries produced by the Government shall be transferred to NTIS on an ongoing basis;
(2) Determine which funding agreements are to require contractors and grantees to submit products directly to NTIS (for which purpose the Appendix to this part contains suggested language that agencies may wish to include in applicable funding instruments);
(3) Appoint additional liaison officers for major units or components of an agency if the Director and Liaison officer agree this would further the purposes of this regulation; and
(4) Enter into appropriate agreements with the Director and perform any other agency responsibilities described in this regulation.

§ 1180.9 Affiliates.

(a) The Director may recognize any federal agency or component of an agency as an affiliate for the purpose of receiving, on behalf of NTIS, any STEI product that is required to be transferred under these regulations if NTIS has entered into a memorandum of understanding with the Liaison Officer under which the recognized affiliate agrees to the ongoing transfer of all STEI products to NTIS in a timely manner and otherwise agrees to assume the role of an affiliate.
(b) A transfer by an agency to an approved affiliate shall be deemed a transfer to NTIS within the meaning of these regulations.

§ 1180.10 NTIS permanent repository.

A product, or category of product, will normally be accepted and maintained as part of NTIS’ permanent repository as a service to agencies unless the Director advises the Liaison Officer that it has not been so accepted. In general, transferred products will not be accepted if they have not been properly prepared as required by Section 1180.4 or if NTIS believes that the cost of adding them to the repository will significantly exceed anticipated benefits to the public as measured by foreseeable demand. A product announced by NTIS as being available from NTIS shall be deemed to have been accepted by NTIS as part of its permanent repository.

§ 1180.11 Relation to other laws and procedures.

(a) Nothing in these regulations shall be deemed to exempt an agency from any of the following requirements:
(1) Compliance with the Freedom of Information Act (5 U.S.C. 552);
(2) Compliance with any requirements to protect material that contains classified national security information;
(3) Compliance with requirements to protect personal or other information that may not be disclosed without appropriate authority under applicable
