(b) Request for retraction. Any manufacturer, private labeler, distributor or retailer of a consumer product or any other person may request a retraction if he/she believes the Commission or an individual member, employee, agent, contractor or representative of the Commission has made public disclosure of inaccurate or misleading information, which reflects adversely either on the safety of a product with which the firm deals or on the practices of the firm. Subpart F—Retraction

§ 1101.51 Commission interpretation.

(a) Statutory provisions. Section 6(b)(7) of the CPSA provides: If the Commission finds that, in the administration of this Act, it has made public disclosure of inaccurate or misleading information which reflects adversely upon the safety of any consumer product or class of consumer products, or the practices of any manufacturer, private labeler, distributor, or retailer of consumer products, it shall, in a manner equivalent to that in which such disclosure was made, take reasonable steps to publish a retraction of such inaccurate or misleading information.

(b) Scope. Section 6(b)(7) applies to inaccurate or misleading information only if it is adverse—i.e., if it reflects adversely either on the safety of a consumer product or on the practices of a manufacturer, private labeler, distributor or retailer. In addition, the Commission will apply section 6(b)(7) to information about products, and about manufacturers and private labelers of products, the Commission may regulate under any of the statutes it administers. Section 6(b)(7) applies to information already disclosed by the Commission, members of the Commission, or the Commission employees, agents, contractors or representatives in their official capacities.
(d) **Commission action on request.** The Commission will act expeditiously on any request for retraction within 30 working days unless the Commission determines, for good cause, that a longer time period is appropriate. If the Commission finds that the Commission or any individual member, employee, agent contractor or representative of the Commission has made public disclosure of inaccurate or misleading information that reflects adversely either on the safety of the firm’s product or the practices of the firm, the Commission will publish a retraction of information in a manner equivalent to that in which the disclosure was made. If the Commission finds that fuller disclosure is necessary, it will publish a retraction in the manner it determines appropriate under the circumstances.

(e) **Notification to requester.** The Commission will promptly notify the requester in writing of its decision on request for retraction. Notification shall set forth the reasons for the Commission’s decision.
