(iii) Any consultant hired by a self-regulatory organization.

(5) Material information means information which, if such information were publicly known, would be considered important by a reasonable person in deciding whether to trade a particular commodity interest on a contract market or a swap execution facility, or to clear a swap contract through a derivatives clearing organization. As used in this section, “material information”
includes, but is not limited to, information relating to present or anticipated cash positions, commodity interests, trading strategies, the financial condition of members of self-regulatory organizations or members of linked exchanges or their customers, or the regulatory actions or proposed regulatory actions of a self-regulatory organization or a linked exchange.

(6) Non-public information means information which has not been disseminated in a manner which makes it generally available to the trading public.

(7) Linked exchange means:
(i) Any board of trade, exchange or market outside the United States, its territories or possessions, which has an agreement with a contract market or swap execution facility in the United States that permits positions in a commodity interest which have been established on one of the two markets to be liquidated on the other market;
(ii) Any board of trade, exchange or market outside the United States, its territories or possessions, the products of which are listed on a United States contract market, swap execution facility, or a trading facility thereof;
(iii) Any securities exchange, the products of which are held as margin in a commodity account or cleared by a securities clearing organization pursuant to a cross-margining arrangement with a futures clearing organization; or
(iv) Any clearing organization which clears the products of any of the foregoing markets.

(8) Commodity interest means any commodity futures, commodity option or swap contract traded on or subject to the rules of a contract market, a swap execution facility or linked exchange, or cleared by a derivatives clearing organization, or cash commodities traded on or subject to the rules of a board of trade which has been designated as a contract market.

(9) Related commodity interest means any commodity interest which is traded on or subject to the rules of a contract market, swap execution facility, linked exchange, or other board of trade, exchange, or market, or cleared by a derivatives clearing organization, other than the self-regulatory organization by which a person is employed, and with respect to which:

(i) Such employing self-regulatory organization has recognized or established intermarket spread margins or other special margin treatment between that other commodity interest and a commodity interest which is traded on or subject to the rules of the employing self-regulatory organization; or
(ii) Such other self-regulatory organization has recognized or established intermarket spread margins or other special margin treatment with another commodity interest as to which the person has access to material, non-public information.

(10) Pooled investment vehicle means a trading vehicle organized and operated as a commodity pool within the meaning of §4.10(d) of this chapter, and whose units of participation have been registered under the Securities Act of 1933, or a trading vehicle for which §4.5 of this chapter makes available relief from regulation as a commodity pool operator, i.e., registered investment companies, insurance company separate accounts, bank trust funds, and certain pension plans.

(b) Employees of self-regulatory organizations; Self-regulatory organization rules. (1) Each self-regulatory organization must maintain in effect rules which have been submitted to the Commission pursuant to section 5c(c) of the Act and part 40 of this chapter (or, pursuant to section 17(j) of the Act in the case of a registered futures association) that, at a minimum, prohibit:

cleared by a linked exchange if the employee has access to material, non-public information concerning such commodity interest; and

(ii) Employees of the self-regulatory organization from disclosing to any other person any material, non-public information which such employee obtains as a result of his or her employment at the self-regulatory organization where such employee has or should have a reasonable expectation that the information disclosed may assist another person in trading any commodity interest; Provided, however, That such rules shall not prohibit disclosures made in the course of an employee’s duties, or disclosures made to another self-regulatory organization, linked exchange, court of competent jurisdiction or representative of any agency or department of the federal or state government acting in his or her official capacity.

(2) Each self-regulatory organization may adopt rules, which must be submitted to the Commission pursuant to section 5a(a)(12)(A) of the Act and Commission regulation 1.41 (or, pursuant to section 17(j) of the Act in the case of a registered futures association), which set forth circumstances under which exemptions from the trading prohibition contained in paragraph (b)(1)(i) of this section may be granted; such exemptions are to be administered by the self-regulatory organization on a case-by-case basis. Specifically, such circumstances may include:

(i) Participation by an employee in pooled investment vehicles where the employee has no direct or indirect control with respect to transactions executed for or on behalf of such vehicles; and

(ii) Trading by an employee under circumstances enumerated by the self-regulatory organization in rules which the self-regulatory organization determines are not contrary to the purposes of this regulation, the Commodity Exchange Act, the public interest, or just and equitable principles of trade.

(c) Governing board members, committee members, and consultants; Registered futures association rules. Each registered futures association must maintain in effect rules which have been submitted to the Commission pursuant to section 17(j) of the Act which provide that no governing board member, committee member, or consultant shall use or disclose—for any purpose other than the performance of official duties as a governing board member, committee member, or consultant—material, non-public information obtained as a result of the performance of such person’s official duties.

(d) Prohibited conduct. (1) No employee, governing board member, committee member, or consultant shall:

(i) Trade for such person’s own account, or for or on behalf of any other account, in any commodity interest, on the basis of any material, non-public information obtained through special access related to the performance of such person’s official duties as an employee, governing board member, committee member, or consultant; or

(ii) Disclose for any purpose inconsistent with the performance of such person’s official duties as an employee, governing board member, committee member, or consultant any material, non-public information obtained through special access related to the performance of such duties.

(2) No person shall trade for such person’s own account, or for or on behalf of any other account, in any commodity interest, on the basis of any material, non-public information that such person knows was obtained in violation of paragraph (d)(1) of this section from an employee, governing board member, committee member, or consultant.
