§ 23.609 Clearing member risk management.

(a) With respect to clearing activities in futures, security futures products, swaps, agreements, contracts, or transactions described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act, commodity options authorized under section 4c of the Act, or leveraged transactions authorized under section 19 of the Act, each swap dealer or major swap participant that is a clearing member of a derivatives clearing organization shall:

(1) Establish risk-based limits based on position size, order size, margin requirements, or similar factors;
(2) Screen orders for compliance with the risk-based limits in accordance with the following:
   (i) For transactions subject to automated execution, the clearing member shall use automated means to screen orders for compliance with the risk-based limits; and
   (ii) For transactions subject to non-automated execution, the clearing member shall establish and maintain systems of risk controls reasonably designed to ensure compliance with the limits.
(3) Monitor for adherence to the risk-based limits intra-day and overnight;
(4) Conduct stress tests under extreme but plausible conditions of all positions at least once per week;
(5) Evaluate its ability to meet initial margin requirements at least once per week;
(6) Evaluate its ability to meet variation margin requirements in cash at least once per week;
(7) Evaluate its ability to liquidate the positions it clears in an orderly manner, and estimate the cost of the liquidation; and
(8) Test all lines of credit at least once per year.

(b) Each swap dealer or major swap participant that is a clearing member of a derivatives clearing organization shall coordinate with each derivatives clearing organization on which it clears to establish systems that enable the clearing member, or the derivatives clearing organization acting on its behalf, to accept or reject each trade submitted to the derivatives clearing organization for clearing by or for the clearing member as quickly as would be technologically practicable if fully automated systems were used; and

(b) Each swap dealer or major swap participant that is a clearing member of a derivatives clearing organization shall accept or reject each trade submitted by or for it as quickly as would be technologically practicable if fully automated systems were used; a clearing member may meet this requirement by:

(1) Establishing systems to pre-screen orders for compliance with criteria specified by the clearing member;
(2) Establishing systems that authorize a derivatives clearing organization to accept or reject on its behalf trades that meet, or fail to meet, criteria specified by the clearing member; or
(3) Establishing systems that enable the clearing member to communicate to the derivatives clearing organization acceptance or rejection of each trade as quickly as would be technologically practicable if fully automated systems were used.
