§ 122.48 Air cargo manifest.

(a) When required. Except as provided in paragraphs (d) and (e) of this section, an air cargo manifest need not be filed or retained aboard the aircraft for any aircraft required to enter under §122.41. However, an air cargo manifest for all cargo on board must otherwise be available for production upon demand. The general declaration must be filed as provided in §122.43.

(b) Exception. A cargo manifest is not required for merchandise, baggage and stores arriving from and departing for a foreign country on the same through flight. Any cargo manifest already on board may be inspected. All articles on board which must be licensed by the Secretary of State shall be listed on the cargo manifest. Company mail shall be listed on the cargo manifest.

(c) Form. The air cargo manifest, Customs Form 7509, must contain all required information regarding all cargo on board the aircraft, except that a more complete description of the cargo shipped may be provided by attaching to the manifest copies of the air waybills covering the cargo on board, including, if a consolidated shipment, any house air waybills. When copies of air waybills are attached, the statement “Cargo as per air waybills attached” must appear on the manifest. The manifest must reference an 11-digit air waybill number for each air waybill it covers. The air waybill number must not be used by the issuer for another air waybill for a period of one year after issuance.

(d) Unaccompanied baggage. Unaccompanied baggage arriving in the U.S. under a check number from any foreign country by air and presented timely to Customs may be authorized for delivery by the carrier after inspection and examination without preparation of an entry, declaration, or being manifested as cargo. Such baggage must be found to be free of duty or tax under any provision of Chapter 98, HTSUS (19 U.S.C. 1202), and cannot be restricted or prohibited. Unaccompanied checked baggage not presented timely to Customs or presented timely and found by Customs to be dutiable, restricted, or prohibited may be subject to seizure. Such unaccompanied checked baggage shall be added to the cargo list in columns under the following headings:

<table>
<thead>
<tr>
<th>Check No.</th>
<th>Description</th>
<th>Where from</th>
<th>Destination</th>
<th>Name of examining officer</th>
<th>Disposition</th>
</tr>
</thead>
</table>

The two columns, headed “Name of examining officer” and “Disposition,” are provided on the cargo manifest for the use of Customs officers.

(e) Accompanied baggage in transit. This section applies when accompanied baggage enters into the U.S. in one aircraft and leaves the U.S. in another aircraft. When passengers do not have access to their baggage while in transit.
§ 122.48a Electronic information for air cargo required in advance of arrival.

(a) General requirement. Pursuant to section 343(a), Trade Act of 2002, as amended (19 U.S.C. 2071 note), for any inbound aircraft required to enter under §122.41, that will have commercial cargo aboard, Customs and Border Protection (CBP) must electronically receive from the inbound air carrier and, if applicable, an approved party as specified in paragraph (c)(1) of this section, certain information concerning the incoming cargo, as enumerated, respectively, in paragraphs (d)(1) and (d)(2) of this section. The CBP must receive such information no later than the time frame prescribed in paragraph (b) of this section. The advance electronic transmission of the required cargo information to CBP must be effected through a CBP-approved electronic data interchange system.

(1) Cargo remaining aboard aircraft; cargo to be entered under bond. Air cargo arriving from and departing for a foreign country on the same through flight and cargo that is unladen from the arriving aircraft and entered, in bond, for exportation, or for transportation and exportation (see subpart J of this part), are subject to the advance electronic information filing requirement under paragraph (a) of this section.

(2) Diplomatic Pouches and Diplomatic Cargo. When goods comprising a diplomatic or consular bag (including cargo shipments, containers, and the like identified as Diplomatic Pouch) that belong to the United States or to a foreign government are shipped under an air waybill, such cargo is subject to the advance reporting requirements, but the description of the shipment as Diplomatic Pouch will be sufficient detail for description. Shipments identified as Diplomatic Cargo, such as office supplies or unaccompanied household goods, are subject to the advance reporting requirements of paragraph (a) of this section.

(b) Time frame for presenting data—(1) Nearby foreign areas. In the case of aircraft under paragraph (a) of this section that depart for the United States from any foreign port or place in North America, including locations in Mexico, Central America, South America (from north of the Equator only), the Caribbean, and Bermuda, CBP must receive the required cargo information no later than the time of the departure of the aircraft for the United States (the trigger time is no later than the time that wheels are up on the aircraft, and the aircraft is en route directly to the United States).

(2) Other foreign areas. In the case of aircraft under paragraph (a) of this section that depart for the United States from any foreign area other than that specified in paragraph (b)(1) of this section, CBP must receive the required cargo information no later than 4 hours prior to the arrival of the aircraft in the United States.

(c) Party electing to file advance electronic cargo data—(1) Other filer. In addition to incoming air carriers for whom participation is mandatory, one of the following parties meeting the qualifications of paragraph (c)(2) of this section, may elect to transmit to CBP the electronic data for incoming cargo that is listed in paragraph (d)(2) of this section:

(i) An Automated Broker Interface (ABI) filer (importer or its Customs broker) as identified by its ABI filer code;

(ii) A Container Freight Station/deconsolidator as identified by its FIRMS (Facilities Information and Resources Management System) code;

(iii) An Express Consignment Carrier Facility as identified by its FIRMS code; or,

(iv) An air carrier as identified by its carrier IATA (International Air Transport Association) code, that arranged to have the incoming air carrier transport the cargo to the United States.

(2) Eligibility. To be qualified to file cargo information electronically, a party identified in paragraph (c)(1) of this section must establish the communication protocol required by CBP for
