§ 151.61 Definitions.

The following are general definitions for the purposes of this subpart:
(a) Clean kg. ‘Clean kg’ means kilograms of clean yield as defined in paragraph (b) of this section.
(b) Clean yield. Except for the purposes of carbonized fibers, ‘Clean yield’ means the absolute clean content (that is, all that portion of the merchandise which consists exclusively of wool or hair free of all vegetable and other foreign material, containing by weight 12 percent of moisture and 1.5 percent of material removable from the wool or hair by extraction with alcohol, and having an ash content of not over 0.5 percent by weight), less an allowance, equal by weight to 0.5 percent of the absolute clean content plus 60 percent of the vegetable matter present, but not exceeding 15 percent by weight of the absolute clean content, for wool or hair that would ordinarily be lost during commercial cleaning operations.
(c) For the purposes of carbonized fibers, the term clean yield means the condition as entered.
(d) Sampling unit. ‘Sampling unit’ means all the similar packages covered by one entry or withdrawal containing wool or hair of the same kind or same general condition and character, produced in the same country, packed in substantially the same manner, and entered as or found to be subject to the same rate of entry.
(e) General sample. ‘General sample’ means the composite of the individual portions of wool or hair drawn from a sampling unit.

§ 151.62 Information on invoices.

Invoices of wool or hair subject to duty at a rate per clean kilogram under Chapter 51, Harmonized Tariff Schedule of the United States (19 U.S.C. 1202), shall show the following detailed information in addition to other information required:
(a) Condition, that is, whether in the grease, washed, pulled, on the skin, scoured, carbonized, burr-picked, willowed, handshaken, or beaten;
(b) Whether free of vegetable matter, practically free, slightly burry, medium burry, heavy burry;
(c) Whether in the fleece, skirted, matchings, or sorted;
(d) Length, that is, whether super combing, ordinary combing, clothing, or filling;
(e) Country of origin, and, if possible, the province, section, or locality of production;
(f) If wool, the type symbol by which it is bought and sold in the country of origin and the grade of each lot covered by the invoice, specifying the standard or basis used, that is, whether U.S. Official Standards or the commercial terms to designate grade in the country of shipment; and
(g) Net weight of each lot of wool or hair covered by the invoice in the condition in which it is shipped, and the shipper’s estimate of the clean yield of each lot by weight or by percentage.

§ 151.63 Information on entry summary.

Each entry summary covering wool or hair subject to duty at a rate per clean kilogram under Chapter 51, Harmonized Tariff Schedule of the United States (19 U.S.C. 1202), shall show as to each lot of wool or hair covered thereby, in addition to other information required, the total estimated or actual net weight of the wool or hair in its condition as imported, its total estimated clean yield in kilograms, and
the estimated percentage clean yield. (19 U.S.C. 1484.)

[T.D. 89–1, 53 FR 51269, Dec. 21, 1988]

§ 151.64 Extra copy of entry summary.

One extra copy of the entry summary covering wool or hair subject to duty at a rate per clean kilogram shall be filed in addition to the copies otherwise required.

[T.D. 93–52, 58 FR 37854, July 14, 1993]

§ 151.65 Duties.

Duties on wool or hair subject to duty at a rate per clean kilogram may be estimated at the time of filing the entry summary on the basis of the clean yield shown on the entry summary if the port director is satisfied that the revenue will be properly protected. Liquidated duties shall be based upon the port director’s final determination of clean yield. Estimated and liquidated duties on wool or hair tested for clean yield pursuant to the provisions of §151.71, and withdrawn for consumption without a change in condition which affects the duties and in a quantity less than an entire sampling unit shall be determined on the basis of an appropriate adjustment of the estimated percentage clean yield shown on the entry summary for the wool or hair included in each of the lots covered by the withdrawal. This adjustment shall be made by increasing or decreasing such estimated percentage clean yield of each lot by the difference between the percentage clean yield of the related sampling unit, as determined by the port director, and the weighted average percentage clean yield for the sampling unit, as computed from the estimated percentages clean yield and net weights shown on the entry summary for the lots included in the sampling unit.

§ 151.66 Duty on samples.

Duty shall be assessed and collected on samples taken pursuant to any provision of the law or regulations. The duty shall be assessed upon the samples in accordance with their condition at the time of importation, except in the case of merchandise manipulated in warehouse pursuant to section 562, Tariff Act of 1930, as amended (19 U.S.C. 1562). The collection of duty on the samples may be postponed when the importation concerned is not entered for consumption until the withdrawal of the merchandise from which the samples are taken, or until an application for the destruction or abandonment of such merchandise has been accepted pursuant to an appropriate provision of the law or regulations.

§ 151.67 Sampling by importer.

The importer may be permitted after entry to draw samples under Customs supervision in reasonable quantities from the packages of wool or hair designated for examination, provided the bales or bags are properly repacked and repaired by him. Any samples so withdrawn shall be weighed and a record showing the quantities thereof shall be made and filed with the related entry.

§ 151.68 Merchandise to be sampled and tested by Customs.

The following shall be weighed, sampled, and tested for clean yield, unless such sampling or testing is not feasible:
(a) All importation of wool or hair subject to duty at a rate per clean kilogram, except importations entered directly for manipulation under the provisions of section 562, Tariff Act of 1930, as amended (19 U.S.C. 1562), or for manufacture under the provisions of section 311, Tariff Act of 1930, as amended (19 U.S.C. 1311);
(b) All imported wool or hair manipulated under the provisions of section 562, Tariff Act of 1930, as amended (19 U.S.C. 1562) and dutiable after manipulation as wool or hair at a rate per clean kilogram; and
(c) Such other imported wool or hair as the port director may designate.
