§ 30.226

How does a claimant establish that a covered uranium employee has sustained a consequential injury, illness, impairment or disease?

An injury, illness, impairment or disease sustained as a consequence of an accepted medical condition covered by the provisions of §30.225(a) must be established with a fully rationalized medical report by a physician that shows the relationship between the injury, illness, impairment or disease and the accepted medical condition. Neither the fact that the injury, illness, impairment or disease manifests itself after a diagnosis of a medical condition covered by the provisions of §30.225(a), nor the belief of the claimant that the injury, illness, impairment or disease was caused by such a condition, is sufficient in itself to prove a causal relationship.

Eligibility criteria for other claims under Part E of EEOICPA

§ 30.230

What are the criteria necessary to establish that an employee contracted a covered illness under Part E of EEOICPA?

To establish that an employee contracted a covered illness under Part E of the Act, the employee, or his or her survivor, must show one of the following:

(a) That OWCP has determined under Part B of EEOICPA that the employee is a Department of Energy contractor employee as defined in §30.5(w), and that he or she has been awarded compensation under that Part of the Act for an occupational illness;

(b) That the Attorney General has determined that the employee is entitled to payment of $100,000 as compensation due under section 5 of RECA, or that a deceased employee’s survivor has been determined to be entitled to such an award, his or her survivor(s), if any, will only be entitled to EEOICPA compensation in accordance with section 7385s–3 of the Act;

(c) That the Secretary of Energy has accepted a positive determination of a Physicians Panel that the employee sustained an illness or died due to exposure to a toxic substance at a DOE facility under former section 7385o of EEOICPA, or that the Secretary of Energy has found significant evidence contrary to a negative determination of a Physicians Panel; or

(d)(1) That the employee is a civilian Department of Energy contractor employee as defined in §30.5(w), or a civilian who was employed in a uranium mine or mill located in Colorado, New Mexico, Arizona, Wyoming, South Dakota, Washington, Utah, Idaho, North Dakota, Oregon or Texas at any time during the period from January 1, 1942 through December 31, 1971, or was employed in the transport of uranium ore or vanadium-uranium ore from such a mine or mill during that same period, and that he or she:

(i) Has been diagnosed with an illness; and

(ii) That it is at least as likely as not that exposure to a toxic substance at a Department of Energy facility or a RECA section 5 facility, as appropriate, was a significant factor in aggravating, contributing to, or causing the illness; and

(iii) That it is at least as likely as not that the exposure to such toxic substance was related to employment at a Department of Energy facility or a RECA section 5 facility, as appropriate.
