§ 73.2162 Bismuth oxychloride.

(a) Identity and specifications. (1) The color additive bismuth oxychloride shall conform in identity and specifications to the requirements of §73.1162(a)(1) and (b).

(b) Uses and restrictions. The color additive bismuth oxychloride may be safely used in coloring cosmetics generally in amounts consistent with good manufacturing practice.

(c) Labeling. The label of the color additive shall bear, in addition to any information required by law, the following information:

(1) Identity and specifications:

(2) Uses and restrictions:

(3) Exemption from certification. Certification of this color additive is not necessary for the protection of the public health and therefore batches thereof are exempt from the certification requirements of section 721(c) of the act.
