§ 175.105 Adhesives.

(a) Adhesives may be safely used as components of articles intended for use in packaging, transporting, or holding food in accordance with the following prescribed conditions:

1. The adhesive is prepared from one or more of the optional substances named in paragraph (c) of this section, subject to any prescribed limitations.

2. The adhesive is either separated from the food by a functional barrier or used subject to the following additional limitations:

   (i) In dry foods. The quantity of adhesive that contacts packaged dry food shall not exceed the limits of good manufacturing practice.

   (ii) In fatty and aqueous foods. The adhesive is either separated from the food by a functional barrier or used subject to the following additional limitations:

      (a) In dry foods. The quantity of adhesive that contacts packaged dry food shall not exceed the limits of good manufacturing practice.

      (b) Under normal conditions of use the packaging seams or laminates will remain firmly bonded without visible separation.

      (c) Subject to any limitation prescribed in this section and in any other regulation promulgated under section 409 of the Act which prescribes safe...
