§ 226.49 USAID-Specific procurement requirements

Procurement requirements which are applicable to USAID because of statute and regulation are in subpart G.

REPORTS AND RECORDS

§ 226.50 Purpose of reports and records.

Sections 226.51 through 226.53 establish the procedures for monitoring and reporting on the recipient’s financial and program performance and the necessary standard reporting forms. They also set forth record retention requirements.

§ 226.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the award. Recipients shall monitor subawards to ensure subrecipients have met the audit requirements as delineated in Section 226.26.

(b) The terms and conditions of the agreement will prescribe the frequency with which the performance reports shall be submitted. Except as provided in paragraph 226.51(f), performance reports will not be required more frequently than quarterly or, less frequently than annually. Annual reports shall be due 90 calendar days after the award year; quarterly or semi-annual reports shall be due 30 days after the reporting period. USAID may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.

(d) Performance reports shall generally contain, for each award, brief information on the following:

1. A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

2. Reasons why established goals were not met, if appropriate.

3. Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(e) Recipients shall submit the original and two copies of performance reports.

(f) Recipients shall immediately notify USAID of developments that have
a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) USAID may make site visits, as needed.

(h) USAID shall comply with clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

§ 226.52 Financial reporting.

USAID requires recipients to use the Standard Form 425 or Standard Form 425a, Federal Financial Report, or such other forms authorized for obtaining financial information as may be approved by OMB.

[74 FR 51762, Oct. 8, 2009]

§ 226.53 Retention and access requirements for records.

(a) This section sets forth requirements for record retention and access to records for awards to recipients. USAID shall not impose any other record retention or access requirements upon recipients.

(b) Financial records, supporting documents, statistical records, and all other records pertinent to an award shall be retained for a period of three years from the date of submission of the final expenditure report or, for awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, as authorized by USAID. The only exceptions are the following:

1. If any litigation, claim, or audit is started before the expiration of the 3-year period, the records shall be retained until all litigation, claims or audit findings involving the records have been resolved and final action taken.

2. Records for real property and equipment acquired with Federal funds shall be retained for 3 years after final disposition.

3. When records are transferred to or maintained by USAID, the 3-year retention requirements is not applicable to the recipient.

4. Indirect cost rate proposals, cost allocations plans, etc. as specified in paragraph 226.53(g).

(c) Copies of original records may be substituted for the original records if authorized by USAID.

(d) USAID shall request transfer of certain records to its custody from recipients when it determines that the records possess long term retention value. However, in order to avoid duplicate recordkeeping, USAID may make arrangements for recipients to retain any records that are continuously needed for joint use.

(e) USAID, the Inspector General, Comptroller General of the United States, or any of their duly authorized representatives, have the right of timely and unrestricted access to any books, documents, papers, or other records of recipients that are pertinent to the awards, in order to make audits, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access to a recipient’s personnel for the purpose of interview and discussion related to such documents. The rights of access in this paragraph are not limited to the required retention period, but shall last as long as records are retained.

(f) Unless required by statute, USAID will not place restrictions on recipients that limit public access to the records of recipients that are pertinent to an award, except when USAID can demonstrate that such records shall be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to USAID.

(g) Indirect cost rate proposals, cost allocations plans, etc. Paragraphs (g)(1) and (g)(2) of this section apply to the following types of documents, and their supporting records: indirect cost rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates).
