§ 1200.13 Special funding conditions for Section 402 grants.

The State’s highway safety program under Section 402 shall be subject to the following conditions, and approval under §1200.14 of this part shall be deemed to incorporate these conditions:

(a) Planning and administration costs.

(1) Federal participation in P&A activities shall not exceed 50 percent of the total cost of such activities, or the applicable sliding scale rate in accordance with 23 U.S.C. 120. The Federal contribution for P&A activities shall not exceed 13 percent of the total funds the State receives under 23 U.S.C. 402. In accordance with 23 U.S.C. 120(i), the Federal share payable for projects in the U.S. Virgin Islands, Guam, American Samoa and the Commonwealth of the Northern Mariana Islands shall be

The term “automated traffic enforcement system” includes any camera which captures an image of a vehicle for the purposes only of red light and speed enforcement, and does not include hand held radar and other devices operated by law enforcement officers to make an on-the-scene traffic stop, issue a traffic citation, or other enforcement action at the time of the violation.

(a) General. Upon receipt and initial review of the Highway Safety Plan, NHTSA may request additional information from a State to ensure compliance with the requirements of this part. Failure to respond promptly to a request for additional information concerning the Section 402 grant application may result in delayed approval and funding of a State’s Section 402 grant. Failure to respond promptly to a request for additional information concerning any of the Section 405 grant applications may result in a State’s disqualification from consideration for a Section 405 grant.

(b) Approval and disapproval of Highway Safety Plan. Within 60 days after receipt of the Highway Safety Plan under this subpart—

(1) For Section 402 grants, the Approving Official shall issue—
