of this section, to the entity that owns the project.

(b) Each participating jurisdiction must make reasonable efforts to identify community housing development organizations that are capable, or can reasonably be expected to become capable, of carrying out elements of the jurisdiction’s approved consolidated plan and to encourage such community housing development organizations to do so. If during the first 24 months of its participation in the HOME Program a participating jurisdiction cannot identify a sufficient number of capable community housing development organizations, up to 20 percent of the minimum community housing development organization setaside of 15 percent specified in paragraph (a) of this section, above, (but not more than $150,000 during the 24 month period) may be committed to develop the capacity of community housing development organizations in the jurisdiction.

(c) Up to 10 percent of the HOME funds reserved under this section may be used for activities specified under § 92.301.

(d) HOME funds required to be reserved under this section are subject to reduction, as provided in § 92.500(d).

(e) If funds for operating expenses are provided under § 92.208 to a community housing development organization that is not also receiving funds under paragraph (a) of this section for housing to be owned, developed or sponsored by the community housing development organization, the participating jurisdiction’s written agreement with the community housing development organization must provide that the community housing development organization must ensure that a community housing development organization does not receive HOME funding for any fiscal year in an amount that provides more than 50 percent or $50,000, whichever is greater, of the community housing development organization’s total operating expenses in that fiscal year. This also includes organizational support and housing education provided under section 233(b)(1), (2), and (6) of the Act, as well as funds for operating expenses provided under § 92.208.

§ 92.301 Project-specific assistance to community housing development organizations.

(a) Project-specific technical assistance and site control loans—(1) General. Within the percentage specified in § 92.300(c), HOME funds may be used by a participating jurisdiction to provide technical assistance and site control loans to community housing development organizations in the early stages of site development for an eligible project. These loans may not exceed amounts that the participating jurisdiction determines to be customary and reasonable project preparation costs allowable under paragraph (a)(2) of this section. All costs must be related to a specific eligible project or projects.

(2) Allowable costs. A loan may be provided to cover project costs necessary to determine project feasibility (including costs of an initial feasibility study), consulting fees, costs of preliminary financial applications, legal fees, architectural fees, engineering fees, engagement of a development team, option to acquire property, site control and title clearance. General operational expenses of the community housing development organization are not allowable costs.

(3) Repayment. The community housing development organization must repay the loan to the participating jurisdiction from construction loan proceeds or other project income. The participating jurisdiction may waive repayment of the loan, in part or in whole, if there are impediments to project development that the participating jurisdiction determines are reasonably beyond the control of the borrower.

(b) Project-specific seed money loans—(1) General. Within the percentage specified in § 92.300(c), HOME funds may be used to provide loans to community housing development organizations to
cover preconstruction project costs that the participating jurisdiction determines to be customary and reasonable, including, but not limited to the costs of obtaining firm construction loan commitments, architectural plans and specifications, zoning approvals, engineering studies, and legal fees.

(2) Eligible sponsors. A loan may be provided only to a community housing development organization that has, with respect to the project concerned, site control (evidenced by a deed, a sales contract, or an option contract to acquire the property), a preliminary financial commitment, and a capable development team.

(3) Repayment. The community housing development organization must repay the loan to the participating jurisdiction from construction loan proceeds or other project income. The participating jurisdiction may waive repayment of the loan, in whole or in part, if there are impediments to project development that the participating jurisdiction determines are reasonably beyond the control of the community housing development organization.

§ 92.302 Housing education and organizational support.

HUD is authorized to provide education and organizational support assistance, in conjunction with HOME funds made available to community housing development organizations in accordance with section 233 of the Act. HUD will publish a notice in the Federal Register announcing the availability of funding under this section, as appropriate. The notice need not include funding for each of the eligible activities, but may target funding from among the eligible activities.

§ 92.303 Tenant participation plan.

A community housing development organization that receives assistance under this part must adhere to a fair lease and grievance procedure approved by the participating jurisdiction and provide a plan for and follow a program of tenant participation in management decisions.
