§ 576.405 Homeless participation.

(a) Unless the recipient is a State, the recipient must provide for the participation of not less than one homeless individual or formerly homeless individual on the board of directors or other equivalent policy-making entity of the recipient, to the extent that the entity considers and makes policies and decisions regarding any facilities, services, or other assistance that receive funding under Emergency Solutions Grant (ESG).

(b) If the recipient is unable to meet the requirement under paragraph (a), it must instead develop and implement a plan to consult with homeless or formerly homeless individuals in considering and making policies and decisions regarding any facilities, services, or other assistance that receive funding under Emergency Solutions Grant (ESG). The plan must be included in the annual action plan required under 24 CFR 91.220.

(c) To the maximum extent practicable, the recipient or subrecipient must involve homeless individuals and families in constructing, renovating, maintaining, and operating facilities assisted under ESG, in providing services assisted under ESG, and in providing services for occupants of facilities assisted under ESG. This involvement may include employment or volunteer services.

§ 576.406 Faith-based activities.

(a) Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to receive ESG funds. Neither the Federal Government nor a State or local government receiving funds under ESG shall discriminate against an organization on the basis of the organization’s religious character or affiliation.

(b) Organizations that are directly funded under the ESG program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under ESG. If an organization conducts these activities, the activities must be offered separately, in time or location, from the programs or services funded under ESG, and participation must be voluntary for program participants.

(c) Any religious organization that receives ESG funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that the religious organization does not use direct ESG funds to support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide ESG-funded services, without removing religious art, icons, scriptures, or other religious symbols. In addition, an ESG-funded religious organization retains its authority over its internal governance, and the organization may retain religious terms in its organization’s name, select its board members on a religious basis, and include religious references in its organization’s mission statements and other governing documents.

(d) An organization that receives ESG funds shall not, in providing ESG assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.

(e) ESG funds may not be used for the rehabilitation of structures to the extent that those structures are used for inherently religious activities. Solutions ESG funds may be used for the rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under the ESG program. Where a structure is used for both eligible and inherently religious activities, ESG funds may not exceed the cost of those portions of the rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to ESG funds. Sanctuaries, chapels, or other rooms that an ESG-funded religious congregation uses as its principal place of worship, however, are ineligible for funded improvements under the program. Disposition of real property after the term of the grant, or any change in use of the property during the term of the grant, is subject to government-wide regulations governing real property disposition (see 24 CFR parts 84 and 85).
(f) If the recipient or a subrecipient that is a local government voluntarily contributes its own funds to supplement federally funded activities, the recipient or subrecipient has the option to segregate the Federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.

§ 576.407 Other Federal requirements.

(a) General. The requirements in 24 CFR part 5, subpart A are applicable, including the nondiscrimination and equal opportunity requirements at 24 CFR 5.105(a). Section 3 of the Housing and Urban Development Act of 1968, 12 U.S.C. 1701u, and implementing regulations at 24 CFR part 135 apply, except that homeless individuals have priority over other Section 3 residents in accordance with § 576.405(c).

(b) Affirmative outreach. The recipient or subrecipient must make known that use of the facilities, assistance, and services are available to all on a non-discriminatory basis. If it is unlikely that the procedures that the recipient or subrecipient intends to use to make known the availability of the services, assistance, and services will to reach persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for those facilities and services, the recipient or subrecipient must establish additional procedures that ensure that those persons are made aware of the facilities, assistance, and services. The recipient and its subrecipients must take appropriate steps to ensure effective communication with persons with disabilities including, but not limited to, adopting procedures that will make available to interested persons information concerning the location of assistance, services, and facilities that are accessible to persons with disabilities. Consistent with Title VI and Executive Order 13166, recipients and subrecipients are also required to take reasonable steps to ensure meaningful access to programs and activities for limited English proficiency (LEP) persons.

(c) Uniform Administrative Requirements. The requirements of 24 CFR part 85 apply to the recipient and subrecipients that are units of general purpose local government, except that 24 CFR 85.24 and 85.42 do not apply, and program income is to be used as match under 24 CFR 85.25(g). The requirements of 24 CFR part 84 apply to subrecipients that are private nonprofit organizations, except that 24 CFR 84.23 and 84.53 do not apply, and program income is to be used as the nonfederal share under 24 CFR 84.24(b). These regulations include allowable costs and non-Federal audit requirements.

(d) Environmental review responsibilities. (1) Activities under this part are subject to environmental review by HUD under 24 CFR part 50. The recipient shall supply all available, relevant information necessary for HUD to perform for each property any environmental review required by 24 CFR part 50. The recipient also shall carry out mitigating measures required by HUD or select alternate eligible property. HUD may eliminate from consideration any application that would require an Environmental Impact Statement (EIS).

(2) The recipient or subrecipient, or any contractor of the recipient or subrecipient, may not acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct property for a project under this part, or commit or expend HUD or local funds for eligible activities under this part, until HUD has performed an environmental review under 24 CFR part 50 and the recipient has received HUD approval of the property.

(e) Davis-Bacon Act. The provisions of the Davis-Bacon Act (40 U.S.C. 276a to 276a-5) do not apply to the ESG program.

(f) Procurement of Recovered Materials. The recipient and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the
