§ 162.515

(6) Payment requirements and late payment charges, including interest;
(7) Due diligence requirements, under § 162.517; and
(8) Insurance requirements, under § 162.527.

(b) Where a representative executes a lease on behalf of an Indian landowner or lessee, the lease must identify the landowner or lessee being represented and the authority under which the action is taken.

(c) All WEELs must include the following provisions:
(1) The obligations of the lessee and its sureties to the Indian landowners are also enforceable by the United States, so long as the land remains in trust or restricted status;
(2) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of leased premises;
(3) The lessee must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under § 162.014;
(4) If historic properties, archeological resources, human remains, or other cultural items, not previously reported are encountered during the course of any activity associated with this lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease, and the lessee will contact BIA and the tribe with jurisdiction to determine how to proceed and appropriate disposition;
(5) BIA has the right, at any reasonable time during the term of the lease, and upon reasonable notice, in accordance with § 162.580, to enter the leased premises for inspection; and
(6) BIA may, at its discretion, treat as a lease violation any failure by the lessee to cooperate with a BIA request to make appropriate records, reports, or information available for BIA inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:
(1) The lessee holds the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises;
(2) The lessee indemnifies the United States and the Indian landowners against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or cost arising from the Indian landowners’ negligence or willful misconduct.

(3) All WEELs must include the following provisions:
(1) The obligations of the lessee and its sureties to the Indian landowners are also enforceable by the United States, so long as the land remains in trust or restricted status;
(2) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of leased premises;
(3) The lessee must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under § 162.014;
(4) If historic properties, archeological resources, human remains, or other cultural items, not previously reported are encountered during the course of any activity associated with this lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease, and the lessee will contact BIA and the tribe with jurisdiction to determine how to proceed and appropriate disposition;
(5) BIA has the right, at any reasonable time during the term of the lease, and upon reasonable notice, in accordance with § 162.580, to enter the leased premises for inspection; and
(6) BIA may, at its discretion, treat as a lease violation any failure by the lessee to cooperate with a BIA request to make appropriate records, reports, or information available for BIA inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:
(1) The lessee holds the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises;
(2) The lessee indemnifies the United States and the Indian landowners against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or cost arising from the Indian landowners’ negligence or willful misconduct.

(e) We may treat any provision of a lease document that violates Federal law as a violation of the lease.

§ 162.514 May permanent improvements be made under a WEEL?

(a) A WEEL anticipates the installation of facilities and associated infrastructure of a size and magnitude necessary for evaluation of wind resource capacity and potential effects of development. These facilities and associated infrastructure are considered permanent improvements. An equipment installation plan must be submitted with the lease under § 162.528(g).

(b) If any of the following changes are made to the equipment installation plan, the Indian landowners must approve the revised plan and the lessee must provide a copy of the revised plan to BIA:
(1) Location of permanent improvements;
(2) Type of permanent improvements;
(3) Delay of 90 days or more in any phase of development.

§ 162.515 How must a WEEL address ownership of permanent improvements?

(a) A WEEL must specify who will own any permanent improvements the lessee installs during the lease term. In addition, the WEEL must indicate whether any permanent improvements the lessee installs:
(1) Will remain on the premises upon expiration, termination, or cancellation of the lease whether or not the WEEL is followed by a WSR lease, in a
condition satisfactory to the Indian landowners;

(2) May be conveyed to the Indian landowners during the WEEL term and under what conditions the permanent improvements may be conveyed;

(3) Will be removed within a time period specified in the WEEL, at the lessee’s expense, with the leased premises to be restored as closely as possible to their condition before installation of the permanent improvements; or

(4) Will be disposed of by other specified means.

(b) A WEEL that requires the lessee to remove the permanent improvements must also provide the Indian landowners with an option to take possession and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 162.516 How will BIA enforce removal requirements in a WEEL?

We may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee’s expense:

(a) In consultation with the tribe, for tribal land or, where feasible, with Indian landowners for individually owned Indian land; and

(b) After termination, cancellation, or expiration of the WEEL.

§ 162.517 What requirements for due diligence must a WEEL include?

(a) A WEEL must include due diligence requirements that require the lessee to:

(1) Install testing and monitoring facilities within 12 months after the effective date of the WEEL or other period designated in the WEEL and consistent with the plan of development; and

(2) If installation does not occur, or is not expected to be completed, within the time period specified in paragraph (a)(1) of this section, provide the Indian landowners and BIA with an explanation of good cause for any delay, the anticipated date of installation of facilities, and evidence of progress toward installing or completing testing and monitoring facilities.

(b) Failure of the lessee to comply with the due diligence requirements of the WEEL is a violation of the WEEL and may lead to:

(1) Cancellation of the WEEL under §162.592; and

(2) Application of the requirement that the lessee transfer ownership of energy resource information collected under the WEEL to the Indian landowners under §162.520.

§ 162.518 How must a WEEL describe the land?

(a) A WEEL must describe the leased premises by reference to a public or private survey, if possible. If the land cannot be so described, the lease must include one or more of the following:

(1) A legal description;

(2) A survey-grade global positioning system description; or

(3) Another description prepared by a registered land surveyor that is sufficient to identify the leased premises.

(b) If the tract is fractionated, we will identify the undivided trust or restricted interests in the leased premises.

§ 162.519 May a WEEL allow for compatible uses by the Indian landowner?

The WEEL may provide for the Indian landowners to use, or authorize others to use, the leased premises for other noncompeting uses compatible with the purpose of the WEEL. This may include the right to lease the premises for other compatible purposes. Any such use by the Indian landowners will not reduce or offset the monetary compensation for the WEEL.

§ 162.520 Who owns the energy resource information obtained under the WEEL?

(a) The WEEL must specify the ownership of any energy resource information the lessee obtains during the WEEL term.

(b) Unless otherwise specified in the WEEL, the energy resource information the lessee obtains through the leased activity becomes the property of Indian landowners at the expiration, termination, or cancellation of the WEEL or upon failure by the lessee to
