§ 900.47 When procuring property or services with self-determination contract funds, can an Indian tribe or tribal organization follow the same procurement policies and procedures applicable to other Indian tribe or tribal organization funds?

Indian tribes and tribal organizations shall have standards that conform to the standards in this subpart. If the Indian tribe or tribal organization relies upon standards different than those described below, it shall identify the standards it will use as a proposed waiver in the initial contract proposal or as a waiver request to an existing contract.

§ 900.48 If the Indian tribe or tribal organization does not propose different standards, what basic standards shall the Indian tribe or tribal organization follow?

(1) No employee, officer, elected official, or agent of the Indian tribe or tribal organization shall participate in the selection, award, or administration of a procurement supported by Federal funds if a conflict of interest, real or apparent, would be involved.

(f) The Indian tribe or tribal organization shall maintain records on the significant history of all major procurement transactions. These records may include, but are not limited to, the rationale for the method of procurement, the selection of contract type, the contract selection or rejection, and the basis for the contract price.

As a result, subcontracts should contain a provision informing the recipient that their award is funded with Indian Self-Determination Act funds and that the recipient is responsible for identifying and ensuring compliance with applicable Federal laws, regulations, and Executive Orders.
