(1)%20The%20service%20is%20provided%20solely%20to%20hospitals%20that%20have%20facilities%20to%20serve%20not%20more%20than%20100%20inpatients.
(2) The service would, if performed by the recipient hospital, constitute an activity consistent with that hospital’s exempt purposes, and

(3) The service is provided at a fee not in excess of actual cost, including straight line depreciation and a reasonable rate of return on the capital goods used to provide the service. For purposes of this section, a rate of return on capital goods will be considered reasonable provided that it does not exceed, on an annual basis, the percentage described below which is based on the average of the rates of interest on special issues of public debt obligations issued to the Federal Hospital Insurance Trust Fund for each of the months included in the taxable year of the hospital during which the capital goods are used in providing the service. Determinations as to the cost of services and the applicable rate of return should be made as prescribed by 42 U.S.C. 1395x(v)(1) (A) and (B) and the regulations thereunder (permitting a health care facility to be reimbursed under the Medicare program for the reasonable cost of (its) services, including, in the case of certain proprietary facilities, a reasonable return on equity capital). For taxable years beginning on or before May 14, 1986, the rate of return shall be one and one-half times the average of the rates of interest on public debt obligations described above which were in effect on or before April 20, 1983.

(b) Hospital defined. As used in this section the word hospital means a hospital described in section 170(b)(1)(A)(iii).

(c) Example. The provisions of this section are illustrated by the following example:

Example. A large metropolitan hospital provides various services to other hospitals. The hospital furnishes a purchasing service to hospitals N and O, a data processing service to hospitals R and S, and a food service to hospitals X and Y. All the hospitals are described in section 170(b)(1)(A)(iii). All the hospitals have facilities to serve not more than 100 inpatients.

(2) The data processing service constitutes unrelated trade or business because it is performed solely to hospitals having facilities to serve not more than 100 inpatients.

The food service satisfies all three requirements of paragraph (a) of this section and does not constitute unrelated trade or business.

(d) Effective date. Section 513(e) and this section apply to taxable years beginning after December 31, 1993.

Travel and tour activities of tax exempt organizations.

(a) Travel tour activities that constitute a trade or business, as defined in § 1.513–1(b), and that are not substantially related to the purposes for which exemption has been granted to the organization constitute an unrelated trade or business with respect to that organization. Whether travel tour activities conducted by an organization are substantially related to the organization’s exempt purpose is determined by looking at all relevant facts and circumstances, including, but not limited to, how a travel tour is developed, promoted and operated. Section 513(c) and § 1.513–1(b) also apply to travel tour activity. Application of the rules of section 513(c) and §1.513–1(b) may result in different treatment for individual tours within an organization’s travel tour program.

(b) Examples. The provisions of this section are illustrated by the following examples. In all of these examples, the travel tours are priced to produce a profit for the exempt organization. The examples are as follows:

Example 1. O, a university alumni association, is exempt from federal income tax under section 501(a) as an educational organization described in section 501(c)(3). As part of its activities, O operates a travel tour program. The program is open to all current members of O and their guests. O works with travel agencies to schedule approximately 10 tours annually to various destinations around the world. Members of O pay $x to the organizing travel agency to participate in a tour. The travel agency pays O a per person fee for each participant. Although the literature advertising the tours encourages O’s members to continue their lifelong learning by joining the tours, and a faculty member of O’s related university frequently joins
