§ 1.860C–1

Taxation of holders of residual interests.

(a) Pass-thru of income or loss. Any holder of a residual interest in a REMIC by the REMIC’s sponsor (or by another transferor contemporaneously with formation of the REMIC) on or before June 30, 1992, if—

(A) The terms of the regular interests and the prices at which regular interests were offered had been fixed on or before April 20, 1992;

(B) On or before June 30, 1992, a substantial portion of the regular interests in the REMIC were transferred, with the terms and at the prices that were fixed on or before April 20, 1992, to investors who were unrelated to the REMIC’s sponsor at the time of the transfer; and

(C) At the time of the transfer of the residual interest, the expected future distributions on the residual interest were equal to at least 30 percent of the anticipated excess inclusions (as defined in §1.860E–2(a)(3)), and the transferor reasonably expected that the transferee would receive sufficient distributions from the REMIC at or after the time at which the excess inclusions accrue in an amount sufficient to satisfy the taxes on the excess inclusions.

(iii) Residual interests that lack significant value. The significant value requirement in §1.860E–1(a)(1) and (3) (concerning excess inclusions accruing to organizations to which section 593 applies) generally is effective for residual interests acquired on or after September 27, 1991. The significant value requirement in §1.860E–1(a)(1) and (3) does not apply, however, to residual interests acquired by an organization to which section 593 applies as a sponsor at formation of a REMIC in a transaction described in §1.860F–2(a)(1) if more than 50 percent of the interests in the REMIC (determined by reference to issue price) were sold to unrelated investors before November 12, 1991.

The exception from the significant value requirement provided by the preceding sentence applies only so long as the sponsor owns the residual interests.

(3) Excise taxes. Section 1.860E–2(a)(1) is effective for transfers of residual interests to disqualified organizations after March 31, 1988. Section 1.860E–2(b)(1) is effective for excess inclusions accruing to pass-thru entities after March 31, 1988.

(4) Rate based on current interest rate—

(1) In general. Section 1.860G–1(a)(3)(i) applies to obligations (other than transition obligations described in paragraph (b)(4)(iii) of this section) intended to qualify as regular interests that are issued on or after April 4, 1994.

(ii) Rate based on index. Section 1.860G–1(a)(3)(i) (as contained in 26 CFR part 1 revised as of April 1, 1994) applies to obligations intended to qualify as regular interests that—

(A) Are issued by a qualified entity (as defined in §1.860D–1(c)(3)) whose startup date (as defined in section 860G(a)(9) and §1.860G–2(k)) is on or after November 12, 1991; and

(B) Are either—

(1) Issued before April 4, 1994; or

(2) Transition obligations described in paragraph (b)(4)(iii) of this section.

(iii) Transition obligations. Obligations are described in this paragraph (b)(4)(iii) if—

(A) The terms of the obligations and the prices at which the obligations are offered are fixed before April 4, 1994; and

(B) On or before June 1, 1994, a substantial portion of the obligations are transferred, with the terms and at the prices that are fixed before April 4, 1994, to investors who are unrelated to the REMIC’s sponsor at the time of the transfer.

(5) Accounting for REMIC net income of foreign persons. Section 1.860G–3(b) is applicable to REMIC net income (including excess inclusions) of a foreign person with respect to a REMIC residual interest if the first net income allocation under section 860C(a)(1) to the foreign person with respect to that interest occurs on or after August 1, 2006.

(6) Exceptions for certain modified obligations. Paragraphs (a)(8)(i), (b)(5)(v), (b)(3)(vi), and (b)(7) of §1.860G–2 apply to modifications made to the terms of an obligation on or after September 16, 2009.

REMIC must take into account the holder’s daily portion of the taxable income or net loss of the REMIC for each day during the taxable year on which the holder owned the residual interest.

(b) Adjustments to basis of residual interests—(1) Increase in basis. A holder’s basis in a residual interest is increased by—

(i) the daily portions of taxable income taken into account by that holder under section 860C(a) with respect to that interest; and

(ii) the amount of any contribution described in section 860G(d)(2) made by that holder.

(2) Decrease in basis. A holder’s basis in a residual interest is reduced (but not below zero) by—

(i) first, the amount of any cash or the fair market value of any property distributed to that holder with respect to that interest; and

(ii) second, the daily portions of net loss of the REMIC taken into account under section 860C(a) by that holder with respect to that interest.

(3) Adjustments made before disposition. If any person disposes of a residual interest, the adjustments to basis prescribed in paragraph (b) (1) and (2) of this section are deemed to occur immediately before the disposition.

(c) Counting conventions. For purposes of determining the daily portion of REMIC taxable income or net loss under section 860C(a)(2), any reasonable convention may be used. An example of a reasonable convention is ‘‘30 days per month/90 days per quarter/360 days per year.’’

(d) For rules on the proper accounting for income from inducement fees, see §1.446–6.
