(1) The applicant shall identify the portion of the brewery which will be operated as a tavern by providing a diagram or narrative description of the boundaries of the tavern. The diagram or description shall identify areas of the brewery which are accessible to the public and areas which are not. The applicant shall describe security measures to be used to segregate public areas from non-public areas.

(2) The applicant shall describe in detail the method to be used for measuring beer for the purposes of tax determination.

(3) The applicant shall identify the tanks which will periodically contain tax-determined beer, and any other areas where tax-determined beer will be stored.

(c) Procedures. The following procedures shall apply to operation of a tavern on brewery premises:

(1) The brewery shall have a suitable method for measurement of the beer, such as a meter or gauge glass. Tax determination shall consist of the measurement of the beer and the preparation of the brewer's record of tax determination, required by §25.292(a)(8). The taxes shall be determined prior to the time that the beer is dispensed into a container for consumption.

(2) If the brewer uses one or more tanks for tax determination, the following procedures shall apply:

(i) Each such tank shall be durably marked with the words "tax-determination tank";

(ii) The taxes shall be determined each time beer is added to a tax-determination tank; and

(iii) The brewer may never simultaneously pump into and out of a tax-determination tank.

(3) A brewer qualified under this section may store, on brewery premises, tax-determined beer which is intended for sale at a tavern operated on brewery premises, in accordance with this section. The prohibition of §25.24 shall not apply to such tax-determined beer.

(4) Beer consumed by employees and visitors in the brewery's tavern shall be beer on which the tax has been paid or determined.

§ 25.51 Right of Entry and Examination.

An appropriate TTB officer may enter, during normal business hours, a brewery or other place where beer is stored and may, when the premises are open at other times, enter those premises in the performance of official duties. Appropriate TTB officers may make inspections as the appropriate TTB officer deems necessary to determine that operations are conducted in compliance with the law and this part. The owner of any building or place where beer is produced, made, or kept, or person having charge over such premises, who refuses to admit an appropriate TTB officer acting under 26 U.S.C. 7606, or who refuses to permit an appropriate TTB officer to examine beer must, for each refusal, forfeit $500.

§ 25.52 Variations from requirements.

(a) Exceptions to construction, equipment and methods of operations—(1) General. The appropriate TTB officer may approve details of construction, equipment or methods of operations, in lieu of those specified in this part. The brewer shall show that it is impracticable to conform to the prescribed specification, and that the proposed variance:

(i) Will afford the protection to the revenue intended by the specifications in this part;

(ii) Will not hinder the effective administration of this part, and

(iii) Is not contrary to any provision of law.

(2) Application. A brewer who proposes to employ methods of operations or construction or equipment other than as provided in this part shall submit an application to the appropriate TTB officer. The application will describe the proposed variation and state the need for it. The brewer shall submit drawings or photographs if necessary to describe the proposed variation.

(3) Approval by appropriate TTB officer. The appropriate TTB officer may approve the use of an alternate method or procedure if:

(i) The brewer shows good cause for its use;

(ii) It is consistent with the purpose and effect of the procedure prescribed by this part and provides equal security to the revenue;

(iii) It is not contrary to law; and

(iv) It will not cause an increase in cost to the Government and will not hinder the effective administration of this part.

(4) Exceptions. The appropriate TTB officer may not authorize an alternate method or procedure relating to the giving of any bond, or to the assessment, payment, or collection of tax.

(5) Conditions of approval. A brewer may not employ an alternate method or procedure until the appropriate TTB officer has approved its use. The brewer shall, during the terms of the authorization of an alternate method or procedure, comply with the terms of the approved application.
