being provided at the time of the application or requested report;

(3) A statement by any applicant describing any civil rights compliance reviews regarding the applicant conducted during the two-year period before the application, and information concerning the agency or organization performing the review; and periodic statements by any recipient regarding such reviews;

(4) A written assurance by any applicant or recipient that it will compile and maintain records required, pursuant to paragraphs (a) and (b) of this section, by the agency’s guidelines or other directives.

(e) Federal agencies should inquire whether any agency listed by the applicant or recipient pursuant to paragraph (d)(2) of this section has found the applicant or recipient to be in noncompliance with any relevant civil rights requirement.

(f) Where a federal agency determines that any of the requirements of this section are inapplicable or inappropriate in regard to any program, the basis for this conclusion shall be set forth in writing and made available to the public upon request.

§ 42.407 Procedures to determine compliance.

(a) Agency staff determination responsibility. All federal agency staff determinations of title VI compliance shall be made by, or be subject to the review of, the agency’s civil rights office. Where federal agency responsibility for approving applications or specific projects has been assigned to regional or area offices, the agency shall include personnel having title VI review responsibility on the staffs of such offices and such personnel shall perform the functions described in paragraphs (b) and (c) of this section.

(b) Application review. Prior to approval of federal financial assistance, the federal agency shall make written determination as to whether the applicant is in compliance with title VI (see 28 CFR 50.3(c) II A). The basis for such a determination under “the agency’s own investigation” provision (see 28 CFR 50.3(c) II A(2)), shall be submission of an assurance of compliance and a review of the data submitted by the applicant. Where a determination cannot be made from this data, the agency shall require the submission of necessary additional information and shall take other steps necessary for making the determination. Such other steps may include, for example, communicating with local government officials or minority group organizations and field reviews. Where the requested assistance is for construction, a pre-approval review should determine whether the location and design of the project will provide service on a non-discriminatory basis and whether persons will be displaced or relocated on a non-discriminatory basis.

(c) Post-approval review. (1) Federal agencies shall establish and maintain an effective program of post-approval compliance reviews regarding approved new applications (see 28 CFR 50.3(c) II A), applications for continuation or renewal of assistance (28 CFR 50.3(c) II B) and all other federally assisted programs. Such reviews are to include periodic submission of compliance reports by recipients to the agencies and, where appropriate, field reviews of a representative number of major recipients. In carrying out this program, agency personnel shall follow agency manuals which establish appropriate review procedures and standards of evaluation. Additionally, agencies should consider incorporating a title VI component into general program reviews and audits.

(2) The results of post-approval reviews shall be committed to writing and shall include specific findings of fact and recommendations. A determination of the compliance status of the recipient reviewed shall be made as promptly as possible.

(d) Notice to assistant attorney general. Federal agencies shall promptly notify the Assistant Attorney General of instances of probable noncompliance determined as the result of application reviews or post-approval compliance reviews.

§ 42.408 Complaint procedures.

(a) Federal agencies shall establish and publish in their guidelines procedures for the prompt processing and
disposition of complaints. The complaint procedures shall provide for notification in writing to the complainant and the applicant or recipient as to the disposition of the complaint. Federal agencies should investigate complaints having apparent merit. Where such complaints are not investigated, good cause must exist and must be stated in the notification of disposition. In such cases, the agency shall ascertain the feasibility of referring the complaint to the primary recipient, such as a State agency, for investigation.

(b) Where a federal agency lacks jurisdiction over a complaint, the agency shall, wherever possible, refer the complaint to another federal agency or advise the complainant.

(c) Where a federal agency requires or permits recipient to process title VI complaints, the agency shall ascertain whether the recipients' procedures for processing complaints are adequate. The federal agency shall obtain a written report of each such complaint and investigation and shall retain a review responsibility over the investigation and disposition of each complaint.

(d) Each federal agency shall maintain a log of title VI complaints filed with it, and with its recipients, identifying each complainant by race, color, or national origin; the recipient; the nature of the complaint; the dates the complaint was filed and the investigation completed; the disposition; the date of disposition; and other pertinent information. Each recipient processing title VI complaints shall be required to maintain a similar log. Federal agencies shall report to the Assistant Attorney General on January 1, 1977, and each six months thereafter, the receipt, nature and disposition of all such title VI complaints.

§ 42.409 Employment practices.

Enforcement of title VI compliance with respect to covered employment practices shall not be superseded by state and local merit systems relating to the employment practices of the same recipient.

§ 42.410 Continuing State programs.

Each state agency administering a continuing program which receives federal financial assistance shall be required to establish a title VI compliance program for itself and other recipients which obtain federal assistance through it. The federal agencies shall require that such state compliance programs provide for the assignment of title VI responsibilities to designated state personnel and comply with the minimum standards established in this subpart for federal agencies, including the maintenance of records necessary to permit federal officials to determine the title VI compliance of the state agencies and the sub-recipient.

§ 42.411 Methods of resolving noncompliance.

(a) Effective enforcement of title VI requires that agencies take prompt action to achieve voluntary compliance in all instances in which noncompliance is found. Where such efforts have not been successful within a reasonable period of time, the agency shall initiate appropriate enforcement procedures as set forth in the 1965 Attorney General Guidelines, 28 CFR 50.3. Each agency shall establish internal controls to avoid unnecessary delay in resolving noncompliance, and shall promptly notify the Assistant Attorney General of any case in which negotiations have continued for more than sixty days after the making of the determination of probable noncompliance and shall state the reasons for the length of the negotiations.

(b) Agreement on the part of a noncomplying recipient to take remedial steps to achieve compliance with title VI shall be set forth in writing by the recipient and the federal agency. The remedial plan shall specify the action necessary for the correction of title VI deficiencies and shall be available to the public.

§ 42.412 Coordination.

(a) The Attorney General's authority under Executive Order 12250 is hereby delegated to the Assistant Attorney General, Civil Rights Division.

(b) Consistent with this subpart and the 1965 Attorney General Guidelines, 28 CFR 50.3, the Assistant Attorney General may issue such directives and take such other action as he deems
