§ 1908.9 Monitoring and evaluation.

(a) Assistant Secretary responsibility. A State’s performance under a Cooperative Agreement will be regularly monitored and evaluated by the Assistant Secretary as part of a systematic Federal plan for this activity. The Assistant Secretary may require changes as a result of these evaluations to foster conformance with consultation policy. If the State policies or practices which require change are such that the State’s assurance of correction of serious hazards and of the effectiveness of employers’ safety and health programs is in doubt, the Assistant Secretary may, pending the completion of the changes, suspend recognition of a State’s consultative visits as a basis for exemption from compliance inspection as permitted under §1908.7(b)(4).

(b) Consultant performance—(1) State activity. The State shall establish and maintain an organized consultant performance monitoring system under the Cooperative Agreement:

(i) Operation of the system shall conform to all requirements established by the Assistant Secretary. The system shall be approved by the Assistant Secretary before it is placed in operation.

§ 1908.8 Consultant specifications.

(a) Number. (1) The number of consultant positions which will be funded under a Cooperative Agreement pursuant to this part for the purpose of providing consultation to private sector employers will be determined by the Assistant Secretary on the basis of program performance, demand for services, industrial mix, resources available, and the recommendation of the RA, and may be adjusted periodically.

(2) States shall make efforts to utilize consultants with the safety and health expertise necessary to properly meet the demand for consultation by the various industries within a State. The RA will determine and negotiate a reasonable balance with the State on an annual basis.

(b) Qualifications. (1) All consultants utilized under Cooperative Agreements pursuant to this part shall be employees of the State, qualified under State requirements for employment in occupational safety and health. They must demonstrate adequate education and experience to satisfy the RA before assignment to work under an Agreement, and annually thereafter, that they meet the requirements set out in §1908.8(b)(2), and that they have the ability to perform satisfactorily pursuant to the Cooperative Agreement. Persons who have the potential but do not yet demonstrate adequate education and experience to satisfy the RA that they have the ability to perform consultant duties independently may, with RA approval, be trained under a Cooperative Agreement to perform consultant duties. Such persons may not, however, perform consultant duties independently until it has been determined by the RA that they meet the requirements and have the ability indicated. All consultants shall be selected in accordance with the provisions of Executive Order 11246 of September 24, 1965, as amended, entitled “Equal Employment Opportunity.”

(ii) Minimum requirements of consultants shall include the following:

(i) The ability to identify hazards; the ability to assess employee exposure and risk; knowledge of OSHA standards; knowledge of hazard correction techniques and practices; knowledge of workplace safety and health program requirements; and the ability to effectively communicate, both orally and in writing.

(ii) Consultants shall meet any additional degree and/or experience requirements as may be established by the Assistant Secretary.

(c) Training. As necessary, the Assistant Secretary will specify immediate and continuing training requirements for consultants. Expenses for training which is required by the Assistant Secretary or approved by the RA will be reimbursed in full.
