§ 250.463 Recordkeeping requirements.

For each drill, you must record the following in the driller's report:

1. The time to be ready to close the diverter or BOP system; and
2. The total time to complete the entire drill.

(d) BSEE ordered drill. A BSEE authorized representative may require you to conduct a well control drill during a BSEE inspection. The BSEE representative will consult with your on-site representative before requiring the drill.

§ 250.465 When must I submit an Application for Permit to Modify (APM) or an End of Operations Report to BSEE?

(a) You must submit an APM (form BSEE-0124) or an End of Operations Report (form BSEE-0125) and other materials to the Regional Supervisor as shown in the following table. You must also submit a public information copy of each form.

<table>
<thead>
<tr>
<th>When you . . .</th>
<th>Then you must . . .</th>
<th>And . . .</th>
</tr>
</thead>
<tbody>
<tr>
<td>(1) Intend to revise your drilling plan, change major drilling equipment, or plugback,</td>
<td>Submit form BSEE-0124 or request oral approval,</td>
<td>Receive written or oral approval from the District Manager before you begin the intended operation. If you get an approval, you must submit form BSEE-0124 no later than the end of the 3rd business day following the oral approval. In all cases, or you must meet the additional requirements in paragraph (b) of this section.</td>
</tr>
<tr>
<td>(2) Determine a well's final surface location, water depth, and the rotary kelly bushing elevation,</td>
<td>Immediately Submit a form BSEE-0124,</td>
<td>Submit a plat certified by a registered land surveyor that meets the requirements of §250.412.</td>
</tr>
<tr>
<td>(3) Move a drilling unit from a wellbore before completing a well,</td>
<td>Submit forms BSEE-0124 and BSEE-0125 within 30 days after the suspension of wellbore operations,</td>
<td>Submit appropriate copies of the well records.</td>
</tr>
</tbody>
</table>

§ 250.466 What records must I keep?

You must keep complete, legible, and accurate records for each well. You must keep drilling records onsite while drilling activities continue. After completion of drilling activities, you must keep all drilling and other well records for the time periods shown in §250.467. You may keep these records at a location of your choice. The records must contain complete information on all of the following:

(a) Well operations;
§ 250.490 Hydrogen sulfide.

(a) What precautions must I take when operating in an \( \text{H}_2\text{S} \) area? You must:

(1) Take all necessary and feasible precautions and measures to protect personnel from the toxic effects of \( \text{H}_2\text{S} \) and to mitigate damage to property and the environment caused by \( \text{H}_2\text{S} \). You must follow the requirements of this section when conducting drilling, well-completion/well-workover, and production operations in zones with \( \text{H}_2\text{S} \) present and when conducting operations in zones where the presence of \( \text{H}_2\text{S} \) is unknown. You do not need to follow these requirements when operating in zones where the absence of \( \text{H}_2\text{S} \) has been confirmed; and

(2) Follow your approved contingency plan.

(b) Definitions. Terms used in this section have the following meanings:

Facility means a vessel, a structure, or an artificial island used for drilling, well-completion, well-workover, and/or production operations.

\( \text{H}_2\text{S} \) absent means:

(1) Drilling, logging, coring, testing, or producing operations have confirmed the absence of \( \text{H}_2\text{S} \) in concentrations that could potentially result in

<tbody>
<tr>
<td>(a) Drilling, (b) Casing and liner pressure tests, diverter tests, and BOP tests, (c) Completion of a well or of any workover activity that materially alters the completion configuration or affects a hydrocarbon-bearing zone.</td>
<td>Ninety days after you complete drilling operations. Two years after the completion of drilling operations. You permanently plug and abandon the well or until you forward the records with a lease assignment.</td>
</tr>
</tbody>
</table>

§ 250.467 How long must I keep records?

You must keep records for the time periods shown in the following table.

§ 250.468 What well records am I required to submit?

(a) You must submit copies of logs or charts of electrical, radioactive, sonic, and other well-logging operations; directional and vertical-well surveys; velocity profiles and surveys; and analysis of cores to BSEE. Each Region will provide specific instructions for submitting well logs and surveys.

(b) For drilling operations in the GOM OCS Region, you must submit form BSEE–0133, Well Activity Report, to the District Manager on a weekly basis.

(c) For drilling operations in the Pacific or Alaska OCS Regions, you must submit form BSEE–0133, Well Activity Report, to the District Manager on a daily basis.

§ 250.469 What other well records could I be required to submit?

The District Manager or Regional Supervisor may require you to submit copies of any or all of the following well records.

(a) Well records as specified in § 250.468;

(b) Paleontological interpretations or reports identifying microscopic fossils by depth and/or washed samples of drill cuttings that you normally maintain for paleontological determinations. The Regional Supervisor may issue a Notice to Lessees that prescribes the manner, timeframe, and format for submitting this information;

(c) Service company reports on cementing, perforating, acidizing, testing, or other similar services; or

(d) Other reports and records of operations.

§ 250.470 How long must I keep records?

You must keep records for the time periods shown in the following table.

§ 250.480 What well records may I be required to submit?

(a) You must submit copies of logs or charts of electrical, radioactive, sonic, and other well-logging operations; directional and vertical-well surveys; velocity profiles and surveys; and analysis of cores to BSEE. Each Region will provide specific instructions for submitting well logs and surveys.

(b) For drilling operations in the GOM OCS Region, you must submit form BSEE–0133, Well Activity Report, to the District Manager on a weekly basis.

(c) For drilling operations in the Pacific or Alaska OCS Regions, you must submit form BSEE–0133, Well Activity Report, to the District Manager on a daily basis.

§ 250.481 What other well records could I be required to submit?

The District Manager or Regional Supervisor may require you to submit copies of any or all of the following well records.

(a) Well records as specified in § 250.468;

(b) Paleontological interpretations or reports identifying microscopic fossils by depth and/or washed samples of drill cuttings that you normally maintain for paleontological determinations. The Regional Supervisor may issue a Notice to Lessees that prescribes the manner, timeframe, and format for submitting this information;

(c) Service company reports on cementing, perforating, acidizing, testing, or other similar services; or

(d) Other reports and records of operations.

§ 250.482 How long must I keep records?

You must keep records for the time periods shown in the following table.

<table>
<thead>
<tr>
<th>You must keep records relating to . . .</th>
<th>Until . . .</th>
</tr>
</thead>
<tbody>
<tr>
<td>(a) Drilling, (b) Casing and liner pressure tests, diverter tests, and BOP tests, (c) Completion of a well or of any workover activity that materially alters the completion configuration or affects a hydrocarbon-bearing zone.</td>
<td>Ninety days after you complete drilling operations. Two years after the completion of drilling operations. You permanently plug and abandon the well or until you forward the records with a lease assignment.</td>
</tr>
</tbody>
</table>

§ 250.483 What well records may I be required to submit?

(a) You must submit copies of logs or charts of electrical, radioactive, sonic, and other well-logging operations; directional and vertical-well surveys; velocity profiles and surveys; and analysis of cores to BSEE. Each Region will provide specific instructions for submitting well logs and surveys.

(b) For drilling operations in the GOM OCS Region, you must submit form BSEE–0133, Well Activity Report, to the District Manager on a weekly basis.

(c) For drilling operations in the Pacific or Alaska OCS Regions, you must submit form BSEE–0133, Well Activity Report, to the District Manager on a daily basis.

§ 250.484 What other well records could I be required to submit?

The District Manager or Regional Supervisor may require you to submit copies of any or all of the following well records.

(a) Well records as specified in § 250.468;

(b) Paleontological interpretations or reports identifying microscopic fossils by depth and/or washed samples of drill cuttings that you normally maintain for paleontological determinations. The Regional Supervisor may issue a Notice to Lessees that prescribes the manner, timeframe, and format for submitting this information;

(c) Service company reports on cementing, perforating, acidizing, testing, or other similar services; or

(d) Other reports and records of operations.

§ 250.485 How long must I keep records?

You must keep records for the time periods shown in the following table.
