§ 778.14 Providing violation information.

(a) You, the applicant, must state, in your permit application, whether you, your operator, your partners or principal shareholders, and your operator’s partners or principal shareholders operate or previously operated a surface coal mining operation in the United States within the five-year period preceding the date of submission of the application. If you request in writing, we will hold as confidential, under §773.6(d)(3)(ii) of this chapter, any information you are required to submit under this paragraph which is not on public file under State law.

(b) The Mine Safety and Health Administration (MSHA) numbers for all structures that require MSHA approval.
