§ 105.15 Defense Sexual Assault Incident Database (DSAID).

(a) Purpose. (1) In accordance with section 563 of Public Law 110–417, DSAID shall support Military Service SAPR program management and DoD SAPRO oversight activities. It shall serve as a centralized, case-level database for the collection and maintenance of information regarding sexual assaults involving persons covered by this part. DSAID will include information, if available, about the nature of the assault, the victim, services offered to the victim, the offender, and the disposition of the reports associated with the assault. DSAID will serve as the DoD’s SAPR source for internal and external requests for statistical data on sexual assault in accordance with section 563 of Public Law 110–417. The DSAID has been assigned OMB Control Number 0704–0482. DSAID contains information provided by the military services, which are the original source of the information.

(2) Disclosure of data stored in DSAID will only be granted when disclosure is authorized or required by law or regulation.

(b) Procedures. DSAID shall:

(1) Contain information about sexual assaults reported to the DoD involving persons covered by this part, both via Unrestricted and Restricted Reporting options.

(2) Include adequate safeguards to shield PII from unauthorized disclosure. The system will not contain PII about victims who make a Restricted Report. Information about sexual assault victims and subjects will receive the maximum protection allowed under the law. DSAID will include stringent user access controls.

(3) Assist with annual and quarterly reporting requirements, identifying and managing trends, analyzing risk factors or problematic circumstances, and taking action or making plans to eliminate or to mitigate risks. DSAID shall store case information. Closed case information shall be available to DoD SAPRO for SAPR program oversight, study, research, and analysis purposes. DSAID will provide a set of core functions to satisfy the data collection and analysis requirements for the system in five basic areas: data warehousing, data query and reporting, SARC victim case management functions, subject investigative and legal case information, and SAPR program administration and management.

(4) Receive information from the Military Services’ existing data systems or direct data entry by authorized Military Service personnel.

(c) Notification procedure and record access procedures. (1) Requests for information contained in DSAID are answered by the Services. All requests for information should be made to the DoD Component that generated the information in DSAID. Individuals seeking to determine whether information about themselves is contained in this system of records or seeking access to records about themselves should address written inquiries to the appropriate Service office (see Service list at www.sapr.mil).

(2) Requests for information to the DoD Components must be responded to by the office(s) designated by the Component to respond to Freedom of Information Act and Privacy Act requests. Requests shall not be informally handled by the SARC's.

§ 105.16 Sexual assault annual and quarterly reporting requirements.

(a) Annual reporting for the military services. The USD(P&R) submits annual FY reports to Congress on the sexual assaults involving members of the Military Services. Each Secretary of the Military Departments must submit their Military Service report for the prior FY to the Secretary of Defense through the DoD SAPRO by March 1. The Secretary of the Navy must provide separate reports for the Navy and the Marine Corps. The annual report is accomplished in accordance with section 1631(d) of Public Law 111–383, and includes:

(1) The policies, procedures, and processes in place or implemented by the SAPR program during the report year in response to incidents of sexual assault.

(2) An assessment of the implementation of the policies and procedures on the prevention, response, and oversight in mind the needs and concerns of the victim.
of sexual assaults in the military to determine the effectiveness of SAPR policies and programs, including an assessment of how Service efforts executed DoD SAPR priorities.

(3) Any plans for the following year on the prevention of and response to sexual assault, specifically in the areas of advocacy, healthcare provider and medical response, mental health, counseling, investigative services, legal services, and chaplain response.

(4) Matrices for Restricted and Unrestricted Reports of the number of sexual assaults involving Service members, that includes case synopses, and disciplinary actions taken in substantiated cases and relevant information.

(5) Analyses of the matrices of the number of sexual assaults involving Service members.

(b) Quarterly reports. The quarterly data reports from the Military Services are the basis for annual reports, including the data fields necessary for comprehensive reporting. The information collected to prepare the quarterly reports has been assigned Reporting Control Symbol DD–P&R(A)2205. In quarterly reports, the policies and planned actions are not required to be reported. Each quarterly report and subsequent FY annual report shall update the status of those previously reported investigations that had been reported as opened but not yet completed or with action pending at the end of a prior reporting period. Once the final action taken is reported, that specific investigation no longer needs to be reported. This reporting system will enable the DoD to track sexual assault cases from date of initiation to completion of command action or disposition. Quarterly reports are due:

(1) January 31 for investigations opened during the period of October 1–December 31.

(2) April 30 for investigations opened during the period of January 1–March 31.

(3) July 31 for investigations opened during the period of April 1–June 30.

(4) The final quarterly report (July 1–September 30) shall be included as part of the FY annual report.

(c) Annual reporting for the Military Service Academies (MSA). Pursuant to section 532 of Public Law 109-364, the USD(P&R) submits annual reports on sexual harassment and violence at MSAs to the House of Representatives and Senate Armed Services Committees each academic program year (APY). The MSA Sexual Assault Survey conducted by the Defense Manpower Data Center (DMDC) has been assigned Report Control Symbol DD–P&R(A)2198.

(1) In odd-numbered APYs, superintendents will submit a report to their respective Military Department Secretaries assessing their respective MSA policies, training, and procedures on sexual harassment and violence involving cadets and midshipmen no later than October 15 of the following APY. DMDC will simultaneously conduct gender relations surveys of cadets and midshipmen to collect information relating to sexual assault and sexual harassment at the MSA to supplement these reports. DoD SAPRO will summarize and consolidate the results of each MSA’s APY assessment, which will serve as the mandated DoD annual report to Congress.

(2) In even-numbered APYs, DoD SAPRO and the DoD Diversity Management and Equal Opportunity (DMEO) Office conduct MSA site visits and a data call to assess each MSA’s policies; training, and procedures regarding sexual harassment and violence involving cadets and midshipmen; perceptions of Academy personnel regarding program effectiveness; the number of reports and corresponding case dispositions; program accomplishments progress made; and challenges. Together with the DoD SAPRO and DMEO MSA visits, DMDC will conduct focus groups with cadets and midshipmen to collect information relating to sexual harassment and violence from the MSAs to supplement this assessment. DoD SAPRO consolidates the assessments and focus group results of each MSA into a report, which serves as the mandated DoD annual report to Congress that will be submitted in December of the following APY.

(d) Annual reporting of installation data. Installation data is drawn from the annual reports of sexual assault listed in §105.16(a). The Secretaries of each Military Department must submit their Military Service report of sexual

632
assault for the prior FY organized by installation to the Secretary of Defense through the DoD SAPRO by April 30. The Secretary of the Navy must provide separate reports for the Navy and the Marine Corps. Reports will contain matrices for Restricted and Unrestricted Reports of the number of sexual assaults involving Service members organized by military installation, and matrices including the synopsis and disciplinary actions taken in substantiated cases.

§ 105.17 Sexual assault offense—investigation disposition descriptions.

Pursuant to the legislated requirements specified in Public Law 111–383, the following definitions are used by the Services for annual and quarterly reporting of the dispositions of subjects in sexual assault investigations conducted by the MCIOs. Services must adapt their investigative policies and procedures to comply with these definitions.

(a) Substantiated reports. Dispositions in this category come from Unrestricted Reports that have been investigated and found to have sufficient evidence to provide to command for consideration of action to take some form of punitive, corrective, or discharge action against an offender.

(1) Substantiated reports against Service member subjects. A substantiated report of sexual assault is an Unrestricted Report that was investigated by an MCIO, provided to the appropriate military command for consideration of action, and found to have sufficient evidence to support the command’s action against the subject. Actions against the subject may include court-martial charge referral, Article 15 UCMJ punishment, nonjudicial punishment, administrative discharge, and other adverse administrative action that result from a report of sexual assault or associated misconduct (e.g., adultery, housebreaking, false official statement, etc.).

(2) Substantiated reports by Service member victims. A substantiated report of a sexual assault victim’s Unrestricted Report that was investigated by an MCIO, and provided to the appropriate military command for consideration of action, and found to have sufficient evidence to support the command’s action against the subject. However, there are instances where an Unrestricted Report of sexual assault by a Service member victim may be substantiated but the command is not able to take action against the person who is the subject of the investigation. These categories include the following: the subject of the investigation could not be identified; the subject died or deserted from the Service before action could be taken; the subject was a civilian or foreign national not subject to the UCMJ; or the subject was a Service member being prosecuted by a civilian or foreign authority.

(1) Commander action for sexual assault offense. (i) Court-martial charges preferred (initiated) for sexual assault offense. A court-martial charge was preferred (initiated) for at least one of the offenses punishable by Articles 120 and 125 of the UCMJ, or an attempt to commit an Article 120 or 125, UCMJ offense that would be charged as a violation of Article 80 of the UCMJ. (See Rules for Courts-Martial (RCM) 307 and 401 of the Manual for Courts-Martial, United States.13)

(ii) Nonjudicial punishments (Article 15, UCMJ). Disciplinary action for at least one of the UCMJ offenses comprised within the SAPR definition of sexual assault that was initiated pursuant to Article 15 of the UCMJ.
