§ 245.1 Purpose.

This part:
(b) Defines the jointly developed and agreed upon responsibilities of the Department of Transportation/Federal Aviation Administration (DOT/FAA), Department of Homeland Security/Transportation Security Administration (DHS/TSA), and Department of Defense (DoD) authorities for the security control of civil and military air traffic. It implements policy, assigns responsibilities, and prescribes procedures for implementation and performance of the ESCAT Plan. The Emergency Security Control of Air Traffic (ESCAT) is an emergency preparedness plan that prescribes the joint action to be taken by appropriate elements of the DoD, the DOT and the DHS in the interests of national security to control air traffic under emergency conditions.
