(b) A permit, license, or other grant of real estate, regardless of value, which results in a significant reduction or redirection of installation mission objectives;

(c) A lease of land where the proposed lease term is in excess of 25 years for banks and Federal credit unions and/or the building to be constructed exceeds DOD space criteria;

(d) Any permit, license, agreement, or other grant to another military department or to a Federal agency of large or significant real estate holdings for a period in excess of 5 years (including renewal options);

(e) A grant of an easement which involves the replacement or relocation of Army facilities at an estimated cost in excess of $100,000;

(f) A grant of an easement where the estimated annual fair market value of the easement exceeds $50,000.

(g) A grant which is controversial or unusual in nature and may embarrass the DA;

(h) A grant involving search for treasure trove;

(i) A grant for vehicle speed contests;

(j) A grant at an active industrial installation, excluding unimproved land areas.

NOTE: The Commander, U.S. Army Materiel Development & Readiness Command (DARCOM), is authorized to approve determinations of availability at standby industrial installations where the estimated annual rental value does not exceed $50,000.

§ 643.9 Approval of availability outside the United States.

Overseas commanders may authorize the use by another military department or a Federal agency of an installation or portion thereof located in designated overseas areas and in foreign countries when the real estate is not for the time needed for Army purposes or its concurrent use for other purposes will not interfere with the mission of the installation and such other use is not inconsistent with the agreement under which the property was acquired. Overseas commanders may also authorize any use of such property which is necessary in the accomplishment of the DA mission for which the property was acquired. All other proposed uses will be coordinated with the United States diplomatic mission in the country involved prior to submission to HQDA (DAEN-REM) WASH DC 20314, for approval. Where the overseas commander is authorized to approve such use, the commander or designee will prepare and execute the necessary grant.

§ 643.10 Reports to DOD and the congressional committees on Armed Services.

(a) The grants set forth in 1–8a. through f., with respect to real estate in the United States, Puerto Rico, American Virgin Islands, Guam, American Samoa, and the TFP, require prior approval of the Assistant Secretary of Defense (I&L), and recommendations should contain information in justification thereof.

(b) The grants set forth in 1–8a., with respect to real estate in the United States and in designated overseas areas (excluding the Canal Zone), except leases for agricultural or grazing purposes, require a report to the Committees on Armed Services of the Senate and House of Representatives as provided in title 10 U.S.C., section 2662.

§ 643.11 Rights of entry.

Pending the signing of the formal instrument, no right of entry will be granted unless authorized by the office wherein the instrument will be signed, except where contrary instructions have previously been issued by the DA. When authorized, rights of entry will be granted by the DE, or overseas commander, as appropriate.

§ 643.12 Preparation and signing of instruments.

Instruments granting temporary use of real estate will be prepared as provided in this regulation. Except where authority has been otherwise granted, the COE or designee will approve, execute, and distribute instruments to the extent authorized by the SA; otherwise they will be prepared and submitted for execution by direction of the appropriate Assistant Secretary of the Army.

§ 643.13 Military requirement for real estate under grant.

When a military requirement arises for real estate which is being used under a grant of non-Army use, the
withdrawal of availability will be approved at the same level of command as that required for determining the property available for non-Army use. The office responsible for effecting temporary use of the property should be promptly notified of the withdrawal of availability for non-Army use and the latest date the property will be required for military purposes. Termination of the use will be in accordance with the provisions of the grant unless military necessity requires other action. In order to avoid possible claims for damages and in the interest of good community relations and in furtherance of the Army’s leasing program, the grantee will be allowed, when practicable, a reasonable time after notice of revocation, to vacate the premises, remove his property and, if required, restore the premises. In controversial cases or where a claim for damages or litigation is anticipated, HQDA (DAEN-REM) WASH DC 20314, will be notified of the circumstances prior to sending notification of termination of the grant to the grantee.

§ 643.14 Inspection to assure compliance with terms of outgrants.

Commanders will provide general surveillance over areas made available for non-Army use and will advise the DE if and when there are any irregularities. Real estate which is being used for non-military purposes will be inspected at least once each year by the COE, or by his representative, to determine whether grantees or occupants are complying with the terms of the instruments authorizing use and occupancy, except with respect to easements and licenses for rights-of-way for roads, streets, power-lines, pipelines, underground communication lines and similar facilities. The COE will make compliance inspections for such easements and licenses at least once during each 5-year period. However, the DE will check with installation commanders annually to assure that there are no situations which might need correction prior to the inspection. The installation commander will make interim inspections of all real estate being used for non-military purposes as are necessary for timely observation of the extent of compliance with grant provisions designed to protect and preserve the real estate for military requirements, and will furnish the appropriate DE a copy of a written report of the inspection reflecting findings and recommendations. In order that the grantee’s operations not be unreasonably disrupted, the annual compliance inspection made by the DE will be coordinated with the installation commander so that, if feasible, only one inspection will be made. Where necessary, corrective action in accordance with applicable regulations will be taken for the enforcement of the terms of the grant by the responsible officer who granted the use. Overseas commanders are responsible for inspection of real estate under their jurisdiction and necessary corrective action.

§ 643.15 Unauthorized use.

Whenever it is observed that real estate under the control of the DA is being used and/or occupied by private parties without proper authority, corrective action will be taken to cause such unauthorized use to be discontinued or to formalize such use and occupancy by an appropriate grant in accordance with this regulation. In either event, compensation will be obtained for the unauthorized use of such property.

Subpart B—Policy

§ 643.21 Policy—Surveillance.

Installation Commanders will maintain constant surveillance over real estate under their jurisdiction to determine whether any of it is excess to requirements, or may be made available for other Army use, or may be made available for use for other than Army purposes and will process such determinations expeditiously in accordance with the provisions of this regulation. From time to time DOD, DA and GSA surveys will be made pursuant to Executive Order 11954, January 7, 1977, which enunciated a uniform policy for the Executive Branch of the Federal Government with respect to the identification of excess and under-utilized real estate (AR 405–70). Real estate for which is retained for future use will be a requirement which will be disposed of in accordance with AR 405–90. Real estate
