§ 813.5 Support for joint operations will be proportionate to USAF combat force participation. In airlift operations, HQ AMC may be the supported command.

(c) During contingencies, exercises, and other operations, the Air Force provides its share of Unified Command headquarters COMCAM and visual information support forces for still photographic, motion media, graphics, and other VI services.

(d) COMCAM and VI forces take part in Air Force and joint exercises to test procedures and over-all readiness. COMCAM and VI forces also provide VI products to command, operations, public affairs, historical, and other significant customers.

(e) Sourcing COMCAM forces. See APMAN 10–401 for specific procedures.

(1) When VI support teams are required, the lead wing’s VI UTC deploys as primary, whenever possible. If lead wing VI support is not available, the providing command sources the requirement from other active or reserve component forces, or coordinates with other MAJCOMs for assistance.

(2) Air Force VI personnel who assist supported commands in determining COMCAM and VI requirements and sourcing consider the total USAF VI community as a resource. Planners consider employing USAF deployable VI support teams, augmentation combat documentation teams from AFSPACECOM, AETC, and ACC, as well as active and reserve COMCAM teams.

§ 813.5 Shipping or transmitting visual information documentation images.

(a) COMCAM images. Send COMCAM images to the DoD Joint Combat Camera Center, Room 5A518, Pentagon, Washington, DC 20330–3000, by the fastest means possible, following the approval procedures that on-scene and theater commanders set.

(b) Other non-COMCAM images. After use, send significant non-COMCAM images to the appropriate DoD media records center through the Air Force record center accessioning point.

(c) Identification of VIDOC materials. Clearly identify all VIDOC and COMCAM material with slates, captions, and cover stories.

§ 813.6 Planning and requesting combat documentation.

(a) Planned combat documentation. Air components identify documentation needs as early as possible in OPLANs, CONPLANs, and OPORDs and send copies of these plans to HQ AMC/SCMV, 203 West Losey Street, Room 3180, Scott AFB, IL 62225–5223. Include the contact for planning and support.

(b) Activity documentation. MAJCOMs may request that HQ AMC document their activities. Send information copies of requests to HQ AFCIC/ITSM, 1250 Air Force Pentagon, Washington, DC 20330–1250, and HQ AMC/SCMV. When a supporting component command operationally controls HQ AMC COMCAM units, other organizations that need support must coordinate requests with the supported command.

(c) Unplanned combat documentation. Send short notice requests to the supported operational commander as soon as possible, with information copies to HQ AFCIC/ITSM and HQ AMC/SCMO. Identify end product requirements, media formats, and deadlines.

(d) Humanitarian, disaster relief, and contingencies. Theater commanders normally task the supporting component through the Joint Operation Planning and Execution System, that in turn, requests support from HQ AMC, HQ USAF can directly task HQ AMC to document humanitarian, disaster relief, or contingency activities if it does not receive other tasking(s). In these cases, coordinate with the supported unified command.

§ 813.7 Readiness reporting.

All Air Force units assigned a DOC statement report readiness status through the SORST process. See AFI 10–201, Status of Resources and Training System, for specific information and reporting criteria.
