§ 105.280 Security incident procedures.

For each MARSEC Level, the facility owner or operator must ensure the Facility Security Officer and facility security personnel are able to:

(a) Respond to security threats or breaches of security and maintain critical facility and vessel-to-facility interface operations;
(b) Evacuate the facility in case of security threats or breaches of security;
(c) Report security incidents as required in § 101.305 of this subchapter;
(d) Brief all facility personnel on possible threats and the need for vigilance, soliciting their assistance in reporting suspicious persons, objects, or activities; and
(e) Secure non-critical operations in order to focus response on critical operations.

§ 105.285 Additional requirements—passenger and ferry facilities.

(a) At all MARSEC Levels, the owner or operator of a passenger or ferry facility must ensure, in coordination with a vessel moored at the facility, that the following security measures are implemented in addition to the requirements of this part:

(1) Establish separate areas to segregate unchecked persons and personal effects from checked persons and personal effects;
(2) Ensure that a defined percentage of vehicles to be loaded aboard are screened prior to loading, in accordance with a MARSEC Directive or other orders issued by the Coast Guard;
(3) Ensure that all unaccompanied vehicles to be loaded on passenger vessels are screened prior to loading;
(4) Deny passenger access to secure and restricted areas unless escorted by authorized facility security personnel; and
(5) In a facility with a public access area designated under § 105.106, provide sufficient security personnel to monitor all persons within the area.

(b) At MARSEC Level 2, in addition to the requirements in paragraph (a) of this section, the owner or operator of a passenger or ferry facility with a public access area designated under § 105.106 must increase the intensity of monitoring of the public access area.

(c) At MARSEC Level 3, in addition to the requirements in paragraph (a) of this section, the owner or operator of a passenger or ferry facility with a public access area designated under § 105.106 must increase the intensity of monitoring and assign additional security personnel to monitor the public access area.

§ 105.290 Additional requirements—cruise ship terminals.

At all MARSEC Levels, in coordination with a vessel moored at the facility, the facility owner or operator must ensure the following security measures:

(a) Screen all persons, baggage, and personal effects for dangerous substances and devices;
(b) Check the identification of all persons seeking to enter the facility. Persons holding a TWIC shall be checked as set forth in this part. For persons not holding a TWIC, this check includes confirming the reason for
boarding by examining passenger tickets, boarding passes, government identification or visitor badges, or work orders;

(c) Designate holding, waiting, or embarkation areas within the facility’s secure area to segregate screened persons and their personal effects awaiting embarkation from unscreened persons and their personal effects;

(d) Provide additional security personnel to designated holding, waiting, or embarkation areas within the facility’s secure area; and

(e) Deny individuals not holding a TWIC access to secure and restricted areas unless escorted.

§ 105.295 Additional requirements—Certain Dangerous Cargo (CDC) facilities.

(a) At all MARSEC Levels, owners or operators of CDC facilities must ensure the implementation of the following security measures in addition to the requirements of this part:

(1) Escort all visitors, contractors, vendors, and other non-facility employees at all times while on the facility, if access identification is not provided. Escort provisions do not apply to pre-arranged cargo deliveries;

(2) Control the parking, loading, and unloading of vehicles within a facility;

(3) Require security personnel to record or report their presence at key points during their patrols;

(4) Search unmanned or unmonitored waterfront areas for dangerous substances and devices prior to a vessel’s arrival at the facility; and

(5) Provide an alternate or independent power source for security and communications systems.

(b) At MARSEC Level 2, in addition to the requirements for MARSEC Level 1, owners or operators of CDC facilities must ensure the implementation of the following security measures:

(1) Release cargo only in the presence of the Facility Security Officer (FSO) or a designated representative of the FSO; and

(2) Continuously patrol restricted areas.

(c) At MARSEC Level 3, in addition to the requirements for MARSEC Level 1 and MARSEC Level 2, owners or operators of CDC facilities must ensure the facilities are continuously guarded and restricted areas are patrolled.

§ 105.296 Additional requirements—Barge fleeting facilities.

(a) At MARSEC Level 1, in addition to the requirements of this part, an owner or operator of a barge fleeting facility must ensure the implementation of the following security measures:

(1) Designate one or more restricted areas within the barge fleeting facility to handle those barges carrying, in bulk, cargoes regulated by 46 CFR chapter I, subchapters D or O, or Certain Dangerous Cargoes;

(2) Maintain a current list of vessels and cargoes in the designated restricted area; and

(3) Ensure that at least one towing vessel is available to service the fleeting facility for every 100 barges within the facility.

(4) Control access to the barges once tied to the fleeting area by implementing TWIC as described in §105.255 of this part.

(b) At MARSEC Level 2, in addition to the requirements of this part and MARSEC Level 1 requirements, an owner or operator of a barge fleeting facility must ensure security personnel are assigned to monitor or patrol the designated restricted area within the barge fleeting facility.

(c) At MARSEC Level 3, in addition to the requirements of this part and MARSEC Level 2 requirements, an owner or operator of a barge fleeting facility must ensure that both land and waterside perimeters of the designated restricted area within the barge fleeting facility are continuously monitored or patrolled.
