If the Secretary receives an unsolicited application, the Secretary may consider the application under the following procedures unless the Secretary has published a notice in the FEDERAL REGISTER stating that the program that would fund the application would not consider unsolicited applications:

(a)(1) The Secretary determines whether the application could be funded under a competition planned or conducted for the fiscal year under which funds would be used to fund the application.

(2) If the application could be funded under a competition described in paragraph (a)(1) of this section and the deadline for submission of applications has passed, the Secretary refers the application to the appropriate competition for consideration under the procedures in §75.217.

(iii) If the application could not be funded under a competition described in paragraph (a)(1) of this section, the Secretary may consider the application only in exceptional circumstances, as determined by the Secretary.

(B) If the Secretary considers an application under paragraph (a)(2) of this section, the Secretary may consider the application only in exceptional circumstances, as determined by the Secretary.

(b) If an application may be considered under paragraphs (a)(2)(i) or (iii) of this section, the Secretary may consider the application under paragraphs (b) through (e) of this section.

(c) If the Secretary determines that the criteria in paragraph (b) of this section have been met, the Secretary assembles a panel of experts that does

If the Secretary selects an application under §§ 75.217, 75.220, or 75.222, the Secretary follows the procedures in §§ 75.231–75.236 to set the amount and determine the conditions of a grant.

§ 75.232 The cost analysis; basis for grant amount.

(a) Before the Secretary sets the amount of a new grant, the Secretary does a cost analysis of the project. The Secretary:

(1) Verifies the cost data in the detailed budget for the project;

(2) Evaluates specific elements of costs; and

(3) Examines costs to determine if they are necessary, reasonable, and allowable under applicable statutes and regulations.

(b) The Secretary uses the cost analysis as a basis for determining the amount of the grant to the applicant. The cost analysis shows whether the applicant can achieve the objectives of the project with reasonable efficiency and economy under the budget in the application.

§ 75.233 Setting the amount of the grant.

(a) Subject to any applicable matching or cost-sharing requirements, the Secretary may fund up to 100 percent of the allowable costs in the applicant’s budget.

§ 75.253 Continuation of a multi-year project after the first budget period.

(a) The Secretary may make a continuation award for a budget period after the first budget period of an approved multi-year project if:

(1) The Congress has appropriated sufficient funds under the program;

(2) The grantee has either—

(i) Made substantial progress in achieving—

(A) The goals and objectives of the project; and

(B) If the Secretary established performance measurement requirements for the grant in the application notice, the performance targets in the grantee’s approved application; or

(ii) Obtained the Secretary’s approval for changes to the project that—

(A) Do not increase the amount of funds obligated to the project by the Secretary; and

(B) Enable the grantee to achieve the goals and objectives of the project and meet the performance targets of the project, if any, without changing the scope or objectives of the project.

(3) The recipient has submitted all reports as required by §75.118, and

(4) Continuation of the project is in the best interest of the Federal Government.

(5) The grantee has maintained financial and administrative management systems that meet the requirements in 34 CFR 74.21 or 80.20, as appropriate.

(b) In deciding whether a grantee has made substantial progress, the Secretary may consider any information relevant to the authorizing statute, a criterion, a priority, or a performance measure, or to a financial or other requirement that applies to the selection of applications for new grants.

(c) Subject to the criteria in paragraph (a) of this section, in selecting applications for funding under a program the Secretary gives priority to continuation awards over new grants.

(d)(1) Notwithstanding any regulatory requirements in 34 CFR part 80, a grantee may expend funds that have not been obligated at the end of a budget period for obligations of the subsequent budget period if—

(i) The obligation is for an allowable cost that falls within the scope and objectives of the project; and

(ii) ED regulations other than 34 CFR part 80, statutes, or the conditions of the grant do not prohibit the obligation.

NOTE: See 34 CFR 74.25(e)(2).

(2) The Secretary may—

(i) Require the grantee to send a written statement describing how the funds made available under this section will be used; and

(ii) Determine the amount of new funds that the Department will make available for the subsequent budget period after considering the statement the grantee provides under paragraph (c)(2)(i) of this section or any other information available to the Secretary about the use of funds under the grant.

(3) In determining the amount of new funds to make available to a grantee under this section, the Secretary considers whether the unobligated funds made available are needed to complete activities that were planned for completion in the prior budget period.
§ 75.254

(e)(1) If the Secretary decides, under this section, not to make a continuation award, the Secretary may authorize a no-cost extension of the last budget period of the grant in order to provide for the orderly closeout of the grant.

(2) If the Secretary makes a continuation award under this section—

(i) The Secretary makes the award under §§75.231–75.236; and

(ii) The new budget period begins on the day after the previous budget period ends.

(f) Unless prohibited by the program statute or regulations, a grantee that is in the final budget period of its project period may seek continued assistance for the project as required under the procedures for selecting new projects for grants.

§ 75.261 Extension of a project period.

(a) General rule. A grantee may, notwithstanding any regulatory requirement in 34 CFR part 80, extend the project period of an award one time for a period up to twelve months without the prior approval of the Secretary, if—

(1) The grantee meets the requirements for extension of 34 CFR 74.25(e)(2); and

(2) ED regulations other than the regulations in 34 CFR part 80, statutes or the conditions of an award do not prohibit the extension.

(b) Specific rule for certain programs of the National Institute on Disability and Rehabilitation Research. Notwithstanding paragraph (a) of this section, grantees under the following programs of NIDRR must request prior approval to extend their grants under paragraph (c) of this section:

(1) The Knowledge Dissemination and Utilization Centers and Disability and Technical Assistance Centers authorized under 29 U.S.C. 761a(b)(2), (4), (5), (6), and (11) and implemented at 34 CFR part 350, subpart B, §§350.17–350.19.

(c) Other regulations. If ED regulations, other than the regulations in 34 CFR part 80, or the conditions of the award require the grantee to get prior approval to extend the project period, the Secretary may permit the grantee to extend the project period if—

(1) The extension does not violate any statute or regulations;

(2) The extension does not involve the obligation of additional Federal funds;

(3) The extension is to carry out the activities in the approved application; and

(4)(i) The Secretary determines that, due to special or unusual circumstances applicable to a class of grantees, the project periods for the grantees should be extended; or

(ii)(A) The Secretary determines that special or unusual circumstances would delay completion of the project beyond the end of the project period;

(B) The grantee requests an extension of the project at least 45 calendar
days before the end of the project period; and

(C) The grantee provides a written statement before the end of the project period giving the reasons why the extension is appropriate under paragraph (c)(4)(ii)(A) of this section and the period for which the project needs extension.

(d) Waiver. The Secretary may waive the requirement in paragraph (a)(4)(ii)(B) of this section if—

(1) The grantee could not reasonably have known of the need for the extension on or before the start of the 45-day time period; or

(2) The failure to give notice on or before the start of the 45-day time period was unavoidable.

ALLOWABLE COSTS

§ 75.530 General cost principles.

The general principles to be used in determining costs applicable to grants and cost-type contracts under grants are specified at 34 CFR 74.27 (for administration of grants to institutions of higher education, and other non-profit organizations) and 34 CFR 80.22 (for uniform administrative requirements for grants and cooperative agreements to State and local governments).
(Authority: 20 U.S.C. 1221e–3 and 3474)
§ 75.560 Indirect Cost Rates

§ 75.560 General indirect cost rates; exceptions.

(a) The differences between direct and indirect costs and the principles for determining the general indirect cost rate that a grantee may use for grants under most programs are specified in the cost principles for—

(1) Institutions of higher education, at 34 CFR 74.27;

(2) Hospitals, at 34 CFR 74.27;

(3) Other nonprofit organizations, at 34 CFR 74.27;

(4) Commercial (for-profit) organizations, at 34 CFR 74.27;

(5) State and local governments and federally-recognized Indian tribal organizations, at 34 CFR 80.22.

(b) A grantee must have obtained a current indirect cost rate agreement from its cognizant agency, to charge indirect costs to a grant. To obtain an indirect cost rate, a grantee must submit an indirect cost proposal to its cognizant agency within 90 days after the date the Department issues the Grant Award Notification (GAN).

(c) If a grantee does not have a federally recognized indirect cost rate agreement, the Secretary may permit the grantee to charge its grant for indirect costs at a temporary rate of 10 percent of budgeted direct salaries and wages.

(d)(1) If a grantee fails to submit an indirect cost rate proposal to its cognizant agency within the required 90 days, the grantee may not charge indirect costs to its grant from the end of the 90-day period until it obtains a federally recognized indirect cost rate agreement applicable to the grant.

(2) If the Secretary determines that exceptional circumstances warrant continuation of a temporary indirect cost rate, the Secretary may authorize the grantee to continue charging indirect costs to its grant at the temporary rate specified in paragraph (c) of this section even though the grantee has not submitted its indirect cost rate proposal within the 90-day period.

(3) Once a grantee obtains a federally recognized indirect cost rate that is applicable to the affected grant, the grantee may use that indirect cost rate to claim indirect cost reimbursement for expenditures made on or after the date the grantee submitted its indirect cost proposal to its cognizant agency or the start of the project period, whichever is later. However, this authority is subject to the following limitations:

(i) The total amount of funds recovered by the grantee under the federally recognized indirect cost rate is reduced by the amount of indirect costs previously recovered under the temporary indirect cost rate.

(ii) The grantee must obtain prior approval from the Secretary to shift direct costs to indirect costs in order to recover indirect costs at a higher negotiated indirect cost rate.

(iii) The grantee may not request additional funds to recover indirect costs that it cannot recover by shifting direct costs to indirect costs.

(e) The Secretary accepts an indirect cost rate negotiated by a grantee’s cognizant agency, but may establish a restricted indirect cost rate for a grantee to satisfy the statutory requirements of certain programs administered by the Department.

§ 75.561 Approval of indirect cost rates.

(a) If the Department of Education is the cognizant agency, the Secretary approves an indirect cost rate for a grantee other than a local educational agency. For the purposes of this section, the term local educational agency does not include a State agency.

(b) Each State educational agency, on the basis of a plan approved by the Secretary, shall approve an indirect cost rate for each local educational agency that requests it to do so. These rates may be for periods longer than a year if rates are sufficiently stable to justify a longer period.

(c) The Secretary generally approves indirect cost rate agreements annually. Indirect cost rate agreements may be approved for periods longer than a year if the Secretary determines that rates

34 CFR Subtitle A (7–1–14 Edition)
§ 75.562 Indirect cost rates for educational training projects.

(a) Educational training grants provide funding for training or other educational services. Examples of the work supported by training grants are summer institutes, training programs for selected participants, the introduction of new or expanded courses, and similar instructional undertakings that are separately budgeted and accounted for by the sponsoring institution. These grants do not usually support activities involving research, development, and dissemination of new educational materials and methods. Training grants largely implement previously developed materials and methods and require no significant adaptation of techniques or instructional services to fit different circumstances.

(b) The Secretary uses the definition in paragraph (a) to determine which grants are educational training grants.

(c)(1) Indirect cost reimbursement on a training grant is limited to the recipient's actual indirect costs, as determined in its negotiated indirect cost rate agreement, or eight percent of a modified total direct cost base, whichever amount is less.

NOTE TO PARAGRAPH (c)(1): If the grantee did not have a federally recognized indirect cost rate agreement on the date the training grant was awarded, indirect cost recovery is also limited to the amount authorized under §75.560(d)(3).

(2) For the purposes of this section, a modified total direct cost base consists of total direct costs minus the following:

(i) The amount of each sub-award in excess of $25,000.

(ii) Stipends.

(iii) Tuition and related fees.

(iv) Equipment, as defined in 34 CFR 74.2 and 80.3, as applicable.

NOTE TO PARAGRAPH (c)(2)(iv): If the grantee has established a threshold for equipment that is lower than $5,000 for other purposes, it must use that threshold to exclude equipment under the modified total direct cost base for the purposes of this section.

(3) The eight percent indirect cost reimbursement limit specified in paragraph (c)(1) of this section also applies to sub-awards that fund training, as determined by the Secretary under paragraph (b) of this section.

(4) The eight percent limit does not apply to agencies of State or local governments, including federally recognized Indian tribal governments, as defined in 34 CFR 80.3.

(5) Indirect costs in excess of the eight percent limit may not be charged directly, used to satisfy matching or cost-sharing requirements, or charged to another Federal award.

(d) A grantee using the training rate of eight percent is required to have documentation available for audit that shows that its negotiated indirect cost rate is at least eight percent.

§ 75.563 Restricted indirect cost rate—programs covered.

If a grantee decides to charge indirect costs to a program that has a statutory requirement prohibiting the use of Federal funds to supplant non-Federal funds, the grantee shall use a restricted indirect cost rate computed under 34 CFR 76.564 through 76.569.

§ 75.564 Reimbursement of indirect costs.

(a) Reimbursement of indirect costs is subject to the availability of funds and statutory or administrative restrictions.

(b) The application of the rates and the determination of the direct cost base by a grantee must be in accordance with the indirect cost rate agreement approved by the grantee's cognizant agency.

(c) Indirect cost reimbursement is not allowable under grants for—

(1) Fellowships and similar awards if Federal financing is exclusively in the form of fixed amounts such as scholarships, stipend allowances, or the tuition and fees of an institution;

(2) Construction grants;

(3) Grants to individuals;
(4) Grants to organizations located outside the territorial limits of the United States;
(5) Grants to Federal organizations; and
(6) Grants made exclusively to support conferences.
(d) Indirect cost reimbursement on grants received under programs with statutory restrictions or other limitations on indirect costs must be made in accordance with the restrictions in 34 CFR 76.564 through 76.569.
(e)(1) Indirect costs for a group of eligible parties (See §§75.127 through 75.129) are limited to the amount derived by applying the rate of the applicant, or a restricted rate when applicable, to the direct cost base for the grant in keeping with the terms of the applicant’s federally recognized indirect cost rate agreement.
(2) If a group of eligible parties applies for a training grant under the group application procedures in §§75.127 through 75.129, the grant funds allocated among the members of the group are not considered sub-awards for the purposes of applying the indirect cost rate in §75.562(c).

(1) The evaluation meets the standards of the evaluation in the approved application for the project; and
(2) The performance measurement data collected by the grantee and used in the evaluation meet the performance measurement requirements of the approved application.
(b) If the application notice for a competition did not require applicants to describe how they would evaluate their projects, each grantee must provide information in its performance report demonstrating—
(1) The progress made by the grantee in the most recent budget period, including progress based on the performance measurement requirements for the grant, if any;
(2) The effectiveness of the grant, including fulfilling the performance measurement requirements of the approved application, if any; and
