§ 222.8 Cooperation in control of estray or unbranded livestock, animal diseases, noxious farm weeds, and use of pesticides.

(a) Insofar as it involves National Forest System lands and other lands under Forest Service control or the livestock which graze thereupon, the Chief, Forest Service, will cooperate with:

(1) State, county, and Federal agencies in the application and enforcement of all laws and regulations relating to livestock diseases, sanitation and noxious farm weeds.

(2) The Animal and Plant Health Inspection Service and other Federal or State agencies and institutions in surveillance of pesticides spray programs; and

(3) State cattle and sheep sanitary or brand boards in control of estray and unbranded livestock to the extent it does not conflict with the Wild Free-Roaming Horse and Burro Act of December 15, 1971.

(b) The Chief, Forest Service, will cooperate with county or other local weed control districts in analyzing noxious farm weed problems and developing control programs in areas of which the National Forests and National Grasslands are a part.

§ 222.9 Range improvements.

(a) The Chief, Forest Service, is authorized to install and maintain structural and nonstructural range improvements needed to manage the range resource on National Forest System lands and other lands controlled by the Forest Service.

(b) Such improvements may be constructed or installed and maintained, or work performed by individuals, organizations or agencies other than the Forest Service subject to the following:

(1) All improvements must be authorized by cooperative agreement or memorandum of understanding, the provisions of which become a part of the grazing permit(s).

(2) Title to permanent structural range improvements shall rest in the United States.

(3) Title to temporary structural range improvements may be retained by the Cooperator where no part of the cost for the improvement is borne by the United States.

(4) Title to nonstructural range improvements shall vest in the United States.

(5) Range improvement work performed by a cooperator or permittee on National Forest System lands shall not confer the exclusive right to use the improvement or the land influenced.

(c) A user of the range resource on National Forest System lands and other lands under Forest Service control may be required by the Chief, Forest Service, to maintain improvements to specified standards.

(d) Grazing fees or the number of animal months charged shall not be adjusted to compensate permittees for range improvement work performed on National Forest System lands: Provided, That, in accordance with section 32(c), title III, Bankhead-Jones Farm Tenant Act, the cost to grazing users in complying with requirements of a grazing permit or agreement may be considered in determining the annual grazing fee on National Grasslands or land utilization projects if it has not been used in establishing the grazing base value.

§ 222.10 Range betterment fund.

In addition to range development which is accomplished through funds from the rangeland management budget line item and the Granger-Thye Act, and deposited and nondeposited cooperative funds, range development may also be accomplished through use of the range betterment fund as follows:

(a) On National Forest land within the 16 contiguous western States, the Chief, Forest Service, shall implement range improvement programs where necessary to arrest range deterioration and improve forage conditions with resulting benefits to wildlife, watershed protection, and livestock production. One-half of the available funds will be expended on the National Forest where derived. The remaining one-half of the fund will be allocated for range rehabilitation, protection and improvements on National Forest lands within the Forest Service Regions where they were derived. During the planning process there will be consultation with grazing permittees who will be affected.
