§ 251.110 Scope and application.

(a) The regulations in this subpart set forth the procedures by which landowners may apply for access across National Forest System lands and the terms and conditions that govern any special use or other authorization that is issued by the Forest Service to permit such access.

(b) These regulations apply to access across all National Forest System lands, including Congressionally designated areas, and supplement the regulations in subpart B of this part, and in parts 212 and 293 of this chapter. The regulations of this subpart do not affect rights-of-way established under authority of R.S. 2477 (43 U.S.C. 932); rights-of-way transferred to States under 23 U.S.C. 317; access rights outstanding in third parties at the time the United States acquired the land; or the rights reserved in conveyances to the United States and in other easements granted by an authorized officer of the Forest Service. Except for the aforementioned rights-of-way, currently valid special-use authorizations will become subject to the rules of this subpart upon expiration, termination, reversion, modification, or reauthorization.

(c) Subject to the terms and conditions contained in this part and in rental fees (§ 251.57), and modifications (§ 251.61) specify the information that proponents or applicants for special use authorizations or holders of existing authorizations must provide to allow an authorized officer to act on a request or administer the authorization. Therefore, these rules contain information collection requirements as defined in 5 CFR part 1320. These information collection requirements are assigned OMB Control Number 0596–0082.
