(g) Effect of certification. Property for which a certification is held by the owner shall not be acquired by the Secretary by condemnation.

Said plan may be revised from time to time upon approval by the Regional Forester. Said plan shall be available for inspection by the public in the office of the Area Ranger.

(k) Land exchanges. Some parcels of Federal lands within the Sawtooth National Recreation Area are classified or may be subsequently classified in the overall general plan for the Recreation Area as suitable for selection through land exchange. Using existing land exchange authorities, these Federal lands may be made available for selection by parties owning land within the boundaries of the National Recreation Area to resolve some existing or potential land use conflicts. The values of the properties so exchanged shall be approximately equal, or, if they are not approximately equal, they shall be equalized by the payment of cash. Federal lands which may be located within the boundaries of designated communities will be considered for exchange only after acceptable community development plans and ordinances have been implemented.
