(a) Spina bifida. VA will provide a Vietnam veteran or veteran with covered service in Korea’s child who has been determined under §3.814 or §3.815 of this title to suffer from spina bifida with health care as the Secretary determines is needed. VA may inform spina bifida patients, parents, or guardians that health care may be available at not-for-profit charitable entities.

(b) Covered birth defects. VA will provide a woman Vietnam veteran’s child who has been determined under §3.815 of this title to suffer from covered
birth defects (other than spina bifida) with such health care as the Secretary determines is needed by the child for the covered birth defects. However, if VA has determined for a particular covered birth defect that §3.815(a)(2) of this title applies (concerning affirmative evidence of cause other than the mother’s service during the Vietnam era), no benefits or assistance will be provided under this section with respect to that particular birth defect.

With respect to covered children suffering from spina bifida, VA is the exclusive payer for services paid under 17.900 through 17.905, regardless of any third party insurer, Medicare, Medicaid, health plan, or any other plan or program providing health care coverage.
